— Special Deputies —

Police Double Vigilance For Hallowe'en Night

THE combination of Hallowe'en and Saturday night, a bad one, which occurs only once in six years, means that Carmel police will double their customary vigilance tomorrow night, according to Chief of Police Robert A. Norton. One alleviating circumstance is that duck season opens Sunday, and some potential mischief makers will be resting up to go hunting early in the morning. Four or five special police deputies will be on the job tomorrow night, according to the police.

Householders are warned to put their cars away and lock garages. One Hallowe'en custom that did not obtain when father was a boy is the marking of car windows with soap, the deflation of automobile tires. Cars left parked along the street are an invitation to mischief. The police have promised to pass the word around to young people they find loitering about tomorrow night that there is a dance being given by the WPA recreation project at All Saints parish hall, with no admission charge.

The police also suggest that merchants stay on their premises late tomorrow, and leave their lights burning. All loose, moveable property in the vicinity of either shops or homes had better be placed under lock and key before the goblins get them.

Thief Brings Back Part of Loot Taken From Carter Home

Last week a report was made to the police of the theft of a check, money order, and $20 in cash from the home of Mrs. D. Carter, on Scenic. This week Mrs. Carter reported that the thief returned the check and money order, face value $1.65 and $20 respectively. As neat and careful as ever, he placed the two slips of paper under a bowl of fruit on the patio table. When the robbery occurred, the thief returned the purse from which the money and checks were taken carefully to the bureau drawer from which he temporarily abstracted it, closed the drawer, and disturbed nothing else about the house.

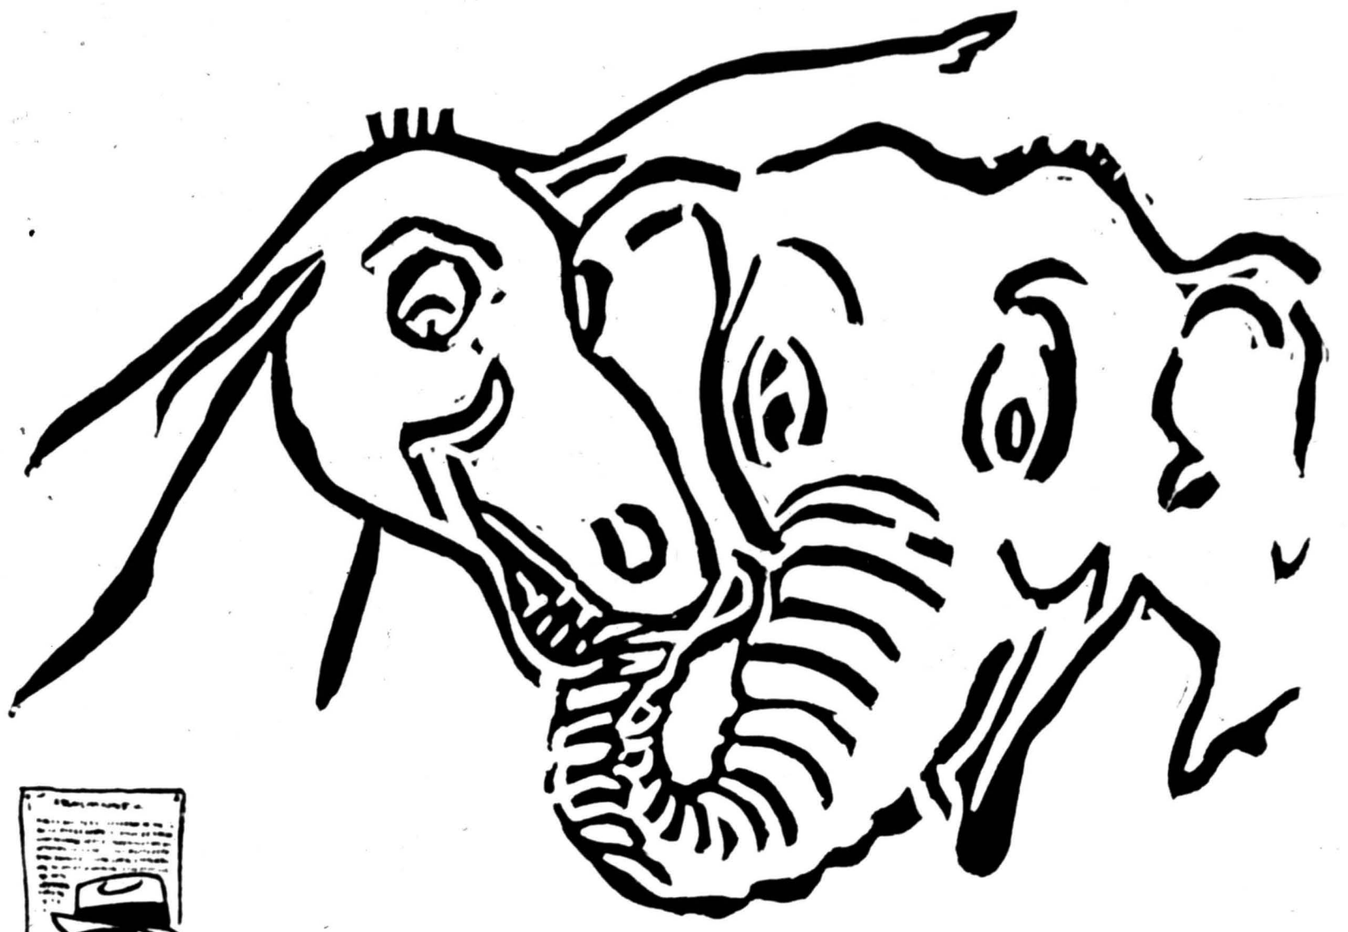
— Meanest Human —

Dog Poisoner Is Again Busy Here

For the first time in a number of months, a case of dog poisoning was again reported here this week. A young pup belonging to the family of Rev. Homer S. Bodley at Eleventh and Lincoln, was stricken suddenly while playing with the children. The symptoms were of strychnine poisoning, and Dr. W. H. Hammond, to whom the pet was rushed immediately, declared that this poison had been administered. The life of the pup was saved, however, and it was returned to Carmel Wednesday night. This is the second dog owned by the Bodleys to be poisoned since they came here to live less than a year ago.

AD MEN AT DEL MONTE

Leading advertising men and magazine executives from all over the country gathered here today for a two-day conference of Pacific Coast Advertising Agencies Association. John Benson, president of the national association, will be the chief speaker and Leon Livingston of San Francisco will preside.



— Close Race Forecast —

Vote Early Is Plea for Next Tuesday's Election

NEXT Tuesday is the Big Day; the historic first Tuesday of November, when, as in every fourth year, the nation goes to the polls to elect a president and a host of lesser officials. Carmel has 1526 citizens qualified to vote in the general election; 333 more than were registered four years ago, when Hoover carried the village by a margin of 134, the vote being: Hoover, 539; Roosevelt, 405.

An exceedingly close race is forecast here, with both Republican and Roosevelt clubs confidently predicting victory. Both sides have canvassed the vote carefully, and each expects to win by a small margin. The registration figures for this district were: Republican, 769; Democrats, 698; declining to state or registering with minor parties, 59.

The registration figures are not conclusive, however, because there will be Republicans voting for Roosevelt and Democrats voting for Landon, as both parties have learned. Both parties are assiduously wooing the mugwumps who do not state party affiliation. It is regarded as possible that a dozen votes garnered by either side may swing the election so far as Carmel is concerned.

Voters of Precinct No. 1 will vote at Juanita Cottage on Dolores; No. 2 will vote at the Masonic Temple; No. 3 at Carmel Garage; No. 4 at Watson's Nursery; No. 5 at the firehouse.

The Pine Cone office will be open to give local election results, and to report on the national count as radio returns are available.

Cast your ballot early!

— Mourned —

Mother of Charles Sumner Greene Passes Away Here at Age of 92

MRS. Thomas Sumner Greene, who would have celebrated her 92nd birthday next Wednesday, Nov. 4, passed away Monday at the home of her son, Charles Sumner Greene, with whom she resided. Mrs. Greene had lived in Carmel for about 15 years, and in California for 42 years.

Her few close friends in Carmel were often entertained with her reminiscences of a most interesting early life, the Civil War period being vivid in her memory. She was born in 1844, in what is now West Virginia, but was then a part of Virginia. Her father was a Rhode Islander who had established himself in the south, and married into the Mather family of Virginia. Mrs. Greene and her father were ardent Unionists through the conflict, surrounded by equally ardent "rebels." Sherman, Grant and other Union leaders were entertained in their home, and she met her husband, a young Union officer, during the war years.

Following her marriage to Thomas Sumner Greene on her birthday in 1867, they went to Cincinnati, his home city, to reside. Later they removed to St. Louis, where the two sons, Charles Sumner Greene and Henry M. Greene, now residing in Pasadena, spent their youth.

These two sons survive Mrs. Greene, as well as a number of grandchildren and great grandchildren.

Rev. Austin B. Chinn conducted funeral services at the graveside yesterday afternoon at 2:30, followed by burial in Monterey cemetary. Paul's mortuary was in charge of arrangements.

P-T. A. Food Sale to Precede Thanksgiving

The P-T. A. food sale, scheduled for Nov. 21, is going to come in mighty handy this year, preceding Thanksgiving by a few days, and giving an opportunity for the purchase of special holiday dainties. Carmel's best cooks will contribute the things to be sold, in great and delicious variety. The proceeds will be used for the benefit of the new Sunset school library.

— Piano Program —

Women to Observe Club Day Monday

Observed as "club day" will be the regular monthly meeting of Carmel Woman's Club next Monday afternoon at 2:30, in Pine Inn assembly room. Members only are to attend, and the tea hour following the program will be in honor of new members.

The program itself will be a piano recital by Winifred Howe, one of Carmel's foremost musicians, who has not been heard in a long program since she returned here to live about two years ago. To great native musical gifts Miss Howe has added a background of fine training and experience, acquired abroad and in this country. Those who heard her as one of the soloists of the Bach Festival of 1935, and briefly on other programs, have looked forward to a complete program, and the Woman's club is to be congratulated for securing her for her first Carmel recital in several years.

Miss Howe's opening and closing group for Monday are illustrative of "humor in music", the second is a Brahms group. "Caprice on the departure of a brother", by Bach, and Beethoven's "Rage over a lost penny" will open the program; followed by these Brahms numbers: E flat Intermezzo, G minor Balade, Romanze, in F major, and B minor Capriccio.

The closing group will include Debussy's "General Lavine, Eccentric", "The White Peacock" by Charles Griffes, and two of Ernest Bloch's "Poems of the Sea": "Chanty", and "At Sea".

POKLENS RETURN

Mr. and Mrs. E. C. Poklen have returned from San Francisco, where they stayed several days at the Commodore and attended the pre-showing of the 1937 Chevrolets.

Roosevelt Closes Campaign With Two Radio Talks

President Roosevelt will be heard on two coast-to-coast radio hookups with the closing of the election campaign.

The first talk will be delivered tomorrow evening at 6:30 o'clock Pacific Time. It will be heard over the facilities of station KPO and the NBC Red Network.

The second talk by the President will be delivered on Monday, Nov. 2 at 8 p. m., Pacific Time. This talk will be heard over both the Red and Blue networks of the National Broadcasting System and will also come to California on the Columbia system. Both of these programs will be an hour in duration.

Hoover to Talk In San Jose Monday

Former President Herbert Hoover will make his first electioneering speech of the year in California at a monster Republican rally to be held in the San Jose civic auditorium Monday night, Nov. 2.

Also making her first public appearance on the eve of the election will be Kathleen Norris, novelist.

Other speakers on the program which is to be broadcast over two radio stations will be Alonzo Baker, Republican candidate for Congress, and Charles Spinks, as general chairman.

HALLOWE'EN AT DEL MONTE

Hallowe'en will be celebrated in the modern manner with a dinner dance at Hotel Del Monte tomorrow night.

The Bali Room will be decorated in the traditional yellow and black and music will be provided by Ernest Hecksher's collegiate orchestra.

PLUMBING FITTINGS STOLEN

George Turner reported Sunday to the police that on Tuesday or Wednesday evening, he wasn't quite sure which, someone stole about $20 worth of plumbing fittings from his car, and drained the gasoline tank. It was parked on Casanova between Tenth and Eleventh.

Red Cross Roll Call Chairman In Carmel Gives Highlights of Campaign

BEGINNING Armistice Day, Nov. 11, the annual relief budget campaign and roll call for Carmel chapter, American Red Cross, will be inaugurated.

Mrs. Herbert John Morse, general campaign chairman, has been busily engaged for several weeks in perfecting the campaign organization. There will be an earnest endeavor on the part of the workers to reach every home in Carmel, Pebble Beach, The Highlands and Carmel Valley in order to extend an invitation to "Join Red Cross."

In order to bring out the activities of Carmel chapter, Mrs. Morse was asked by The Pine Cone to present the highlights of the present appeal of Red Cross. Here they are:

"This is YOUR Red Cross.

"It brings relief to the sick, the aged, the needy, the helpless, the undernourished, the unemployed in Carmel and its environs.

"It has an enviable record of home rehabilitation during the past year and to our knowledge no person has gone hungry or suffered from the lack of proper clothing.

"For milk alone, over $500 has been expended during 1936.

"Hospitalization, medicine, X-ray, nursing, dentistry and optometry have been included in our relief program.

"Just recently, a Red Cross Clinic has been established through the cooperation of our local doctors who have set aside two hours of their valuable time each week for Red Cross work.

"First aid classes have been conducted throughout the year and the Carmel Fire Department is cooperating in this branch of service.

"A Carmel record of which our citizens can be justly proud is in the aid that was given (entirely apart from the aid given the local Chapter) to American Red Cross in its splendid work throughout a series of national disasters: floods, tornados, drought, forest fires, highway accidents and Veteran Relief.

"Under the direction of Col. T. B. Taylor, the Disaster Relief Committee has been carefully organized into departments and is prepared to function immediately in any local disaster. A special fund of $500 is kept for such an emergency.

"Red Cross in giving aid never hands out money nor pays overdue bills. It does as occasion requires assist with current bills such as rent, utilities, and issues grocery, milk and meat orders, also medicine orders.

"Miss Leslie King, our case worker, is on duty each week at the Red Cross office to take care of all cases that come to her attention.

"An emergency closet has been established in connection with the clothing department and here may be found sick-room supplies, layettes, blankets, etc., for those in distress.

"After careful consideration of local needs, embracing individual rehabilitation, the relief budget requirements for 1937 has been placed by the finance committee at $3500. This means that our generous contributors should be invited to increase their subscriptions over last year.

"A group of loyal men and women have pledged themselves to invite our citizens to subscribe to this extended Red Cross program. Ours is the only Carmel agency furnishing local relief and we are not a member of the Peninsula Community Chest, although we cooperate with some of its agencies.

"Roll Call headquarters will be at Carmel Garage, Ocean at San Carlos, on the opening date, Nov. 11."

"HOT" LETTUCE

The long rows of lettuce grow freshly
Green, and smile up at the sun
Beneath October skies,
Unmindful
That men grow vicious with hatred
And stalk about with clubs,
Seeking to destroy those who would share the loot
Provided in the market place
By these close-wrapped green heads
Which round out firm and crisp
Upon the rich brown soil
All through the wetly fog-filled nights.

—BERNICE CAREY FITCH.

Beware of Last-Minute Blasts

By FREDERICK R. BECHDOLT, Chairman, Carmel Roosevelt Club

In these last few days of the campaign, honest estimates and honestly conducted polls give Franklin D. Roosevelt and John N. Garner an overwhelming majority of the nation's electoral vote. Every indication points to huge majorities in California and in the Eighth Congressional District.

As has sometimes happened in the past, so now the party facing defeat has begun to resort to desperate expedients. By the time these words appear in print certain gentlemen who are earning Dupont money will probably have flooded the mails with new attacks upon our President and Congressman. Some of these will be cleverly misleading. Should you receive such statements just bear in mind the fact that the last hour is the golden hour for those who would spread falsehood. Turn your eyes back to the real issues. They are the only things that count.

In the main this campaign has been cleanly and honorably conducted by both Democrats and Republicans, and this is especially true in our own district. But of late smoke screens have appeared; slander has been whispered and falsehoods have been printed in paid advertisements. These probably are not the tactics of party leaders; they are the methods of hired hands, who are overzealous in the hope of making a showing. In all likelihood you will see and hear more of them between now and next Tuesday.

Get yourself a
Glen Urquhart
suit
This Season!

The Glen Urquhart pattern, a traditional favorite, is once again being taken up by the best-dressed men in this country. Naturally, our new Fall Saxon-weave Suits feature, among other interesting fabric fashions, some extremely handsome Glens. They're authentic in design, but softly blended and restrained in color and can be worn without any qualms by even the most conservative man.

The Saxon-weave Suit is a remarkable suit. It is tailored from the famous Wearlong Worsted cloth which is astonishingly long-wearing—resists wrinkles to an unusual degree and never shines. It will give you good service for a long time to come.

New Girls' Club Creates Interest

Forty-five girls were present at the Friday evening meeting of the girls' club at Seaside, organized recently by Mrs. Stella S. Mather, director of social activities of the peninsula WPA recreational project. The group has grown considerably with each meeting, and the club is filling a definite need in the community. Four mothers were also present at the meeting. A similar group at New Monterey Mrs. Mather is dividing into two sections, younger girls meeting Monday evenings, an older group on Thursdays, to sew while Mrs. Mather reads to them or tells them of South America, where she lived for many years. Her facility in Spanish, acquired during her residence in South America, has enabled Mrs. Mather to further her work in New Monterey among the Spanish-speaking families of her girls, as some of the older people speak almost no English.

Al Broughton of Berkeley is spending a few days in the Bob Jones cottage on Santa Fe.

"Congo Crosses" Subject of Talk

At the meeting of Carmel Missionary Society Tuesday afternoon at All Saints church, Miss Celia B. Seymour read and discussed the first chapter of the book, "Congo Crosses", a symposium of missionary experiences in Africa, which the society is studying this year as a basis to better racial understanding. The first chapter gives the fresh view of an impressionable young woman missionary at her first contacts with Africa and the great mission field.

Julia Lake Kellersberger is the author of the volume.

Three spirituals, "Lord, I want to be a Christian", "Swing Low, Sweet Chariot", and "Steal Away to Jesus", were sung beautifully by six members of the Girls' Club, Mrs. Austin B. Chinn accompanying them at the organ. Devotionals were based on a collect prepared by the Church Mission House of New York, "A Quiet Day for Prayer", looking toward Armistice Day. Mrs. Vera Peck Millis presided over the program.

Man The Unknown to Be Reviewed

A review of "Man the Unknown" by Alexis Carrel will comprise the program for the next meeting of the Woman's club book section to be held next Wednesday morning at 10:30 in Pine Inn assembly room. The review will be given by Mrs. Ross C. Miller, chairman of the section. This is a book with a purpose; and one which has been widely read and greatly admired by scientists and laymen. It analyzes what is wrong with modern civilization, and, more important, points out what can be done to give modern man an environment to which he can more effectively adapt himself.

The garden section of the Woman's club will meet next Thursday morning at the home of Miss Anne Grant in Hatton Fields. The speaker will be Mrs. Ruth Hamilton of Berkeley. Her topic has not been announced.

Mrs. Hamilton is temporarily residing in Carmel. She has been a leader in the landscape garden section of the Palo Alto Garden club, and a member of the program committee of that organization.

Bargain For Some Young Couple

At no time in history has the person of small means been presented with so good an opportunity for having his own home, on terms that would lie well within his means.

Our Government is making that possible, and every man and woman who values a home, should take advantage of this opportunity.

This office offers a very good corner property, 60 by 100 feet, on reasonable terms. Fine trees, sunny and warm. Price **$500.**

Cleanup California's Liquor Situation!

VOTE YES ON 3
FOR LIQUOR LAW ENFORCEMENT

Removes liquor control entirely from State Board of Equalization. Sets up non-political Alcoholic Beverage Commission. Provides adequate local enforcement. Provides mandatory public hearings on demand of local authorities and authorizes commission to deny or revoke licenses if character of applicant or place of business unsatisfactory. Authorizes commission to limit number of licenses in any community.

Prevent Return of Prohibition!

VOTE NO ON 9
PREVENT RETURN OF PROHIBITION

Means Prohibition. Under misleading title of Local Option, Proposition 9 gives City Councils and Boards of Supervisors power to bring back bone dry prohibition overnight WITHOUT A VOTE OF THE PEOPLE. Would inject wet and dry issue into every local election. Would bring back bootleggers, speakeasies and hotel bedroom drinking. Would cause widespread unemployment and irreparable loss to our $400,000,000 wine and grape industries and $250,000,000 tourist trade.

Citizens Liquor Law Enforcement Committee

F. M. McAULIFFE, General Chairman
GERTRUDE ATHERTON, Chairman Women's Div.

WPA Dance to Draw Big Crowd

Judging from the interest which has been shown in announcement of the community dance under the auspices of the WPA recreation project to be held tomorrow evening at All Saints Parish hall, a large attendance is anticipated, particularly of young people. The federal music project orchestra will provide music for dancing, and there will be no admission charge.

A. T. Foster, supervisor of the recreation project, attended a convention of WPA project supervisors of the northern counties at the Claremont hotel in Berkeley last weekend, and brought back some interesting ideas which he saw tried out there, to "break the ice" at the Hallowe'en party tomorrow nght. He will act as master of ceremonies. Mrs. Stella S. Mather, director of social activities for the project, is arranging the dance with the cooperation of Rev. Austin B. Chinn of All Saints church; Dene Denny, supervisor of the music project; and a group of patrons and patronesses.

Mr. and Mrs. Vincent T. Greeley have returned to San Francisco after spending ten days in Makebelieve on Casanova.

J. Frank Devendorf, Founder

Monterey Scholarship Federation Convenes

The first meeting of the California Scholarship Federation of Monterey high school was held Oct. 22 to discuss C. S. F. pins, which only members may wear. It was decided that the club should meet once a month.

Members present were Katherine Beaton, Helen Dasback, Orin Ford, June Heidrick, Spencer Kern, Robert McMenamin, Shijeko Kowamoto, Carmel Martin, Valdo Oleari, Mollie Tsubouchi and Miss G. Rendtorff, of Carmel.

Steffens Letters Are Sought Here

In preparation for a volume of collected letters of Lincoln Steffens, Ella Winter is examining every possible source of missives written by the deceased writer. She feels that there may be a number of which she does not know on the Monterey peninsula, and she is asking that anyone having a letter from Steffy communicate with her. She will copy the letters and return them to their owners. In an old trunk she recently discovered a literary windfall; all the letters ever written by Steffens to members of his family, since he was a little boy. One of his sisters, feeling that they might some day have literary value, carefully preserved them. Edward Filene also has the saving habit, and from him Miss Winter recently received a complete file of all the letters he ever received from Steffens, carefully copied and annotated. Walter Lipmann is another celebrity who is assisting in the collecting of Steffens letters.

Steffens' last volume, "Lincoln Steffens Speaking", published by Harcourt Brace, came off the press yesterday. John Steinbeck is to review it for the New York Herald-Tribune, receiving the assignment this week by wire.

Monterey High Tennis Team Defeats Grove

Saturday, Oct. 17, Monterey high and Pacific Grove met in a tennis match, held at the Pacific Grove tennis courts. Monterey was victorious, winning three out of the four doubles matches.

Another practice match was held at Salinas on Oct. 24 with Thomas Gee winning one singles match. Bob Yates and Bill Welch, from Carmel, won one doubles match.

LESTER DONOHUE CONCERT

Lester Donohue, sometimes Carmel resident, will give a piano recital at Rose Court, the home of Mr. and Mrs. George T. Cameron in Burlingame next Thursday afternoon.

Mrs. Scholer, prominent Catholic of Pacific Grove, wrote Andrew F. Burke, San Francisco attorney, whose standing in the Catholic Church and affiliations are too well known to require comment. The correspondence appears below:

October 26th, 1936.

Mr. Andrew F. Burke,
Hobart Building,
San Francisco, California.

Dear Mr. Burke:

May I ask your opinion as a Christian gentleman and a Democrat about the qualifications of Mr. Alonzo Baker for Congress? There is a great effort being made here to create a religious issue against him.

What do you think?

Gratefully in advance,
(Signed by) RACHEL E. E. SCHOLER.

869 Del Monte Boulevard,
Pacific Grove, California

Andrew F. Burke
Attorney at Law
2002 Hobart Building
San Francisco, California.

October 28, 1936.

Dear Mrs. Scholer:

Mr. Alonzo Baker, candidate for Congress in your District is, in my opinion, a patriotic American. From all I know and have learned of him he stands sincerely for the preservation of that tradition in American political philosophy, which derives from the Christian tradition. He is opposed to all the innovations of the anti-Christian exponents of a totalitarian state for America. I believe in his sincerity and reliability. I believe that despite any disagreements that may have exsited in the past between Christians, our common welfare and our tradition are safer in his hands than in the hands of his principal opponent, who has done nothing to thwart the efforts of the enemies of our government who seek to pervert American democracy.

Yours very truly,
(Signed) ANDREW F. BURKE

Rachel E. E. Scholer,

Trust Carmel To Be Different; Even With Its Lucky Turkey Shoot

By DAVID BALL

DO you believe that you have just as much chance of winning a turkey shoot as an expert shot? Of course you don't—unless you are one of the comparatively few expert shots.

You don't—until you hear about the details of Carmel's Lucky Turkey Shoot, the one down at the pistol range just below the Mission on the Sunday after election, Nov. 8.

If you hung The Pine Cone on the wall and took three good paces away from it, you couldn't very well miss it, could you? That's just what you need to hit at this turkey shoot,—26 playing cards hung in a square with their backs towards you, only ten feet away. And the sponsors of the shoot even go so far as to say that if anyone should manage to miss the cards they will get additional shots with no additional charge.

The cards are only the high ones of the deck, from nines up. The five cards you hit are your poker hand. If your hand is three jacks or better you get a 10-lb. turkey for the dollar you paid for the try. That looks like,—and is,—a pretty good bet. Your chances of winning a turkey literally are just as good as those of a crack shot.

There will also be pictures of a turkey to shoot at, 10 feet away. On the back of each will be stamped a spot. It will be behind the turkey, but in a different place on each one. If one or more of your five shots touch the spot you get a turkey.

Just so the real good shots won't feel entirely left out, there will be a few targets for them to try to make high scores on.

Even the people who do not even want to hold a gun in their hands will have plenty of chance for turkeys. There will be games which will give them lots of action,—and lots of turkeys.

By RONALD JOHNSON

THE police department, through Roy Fraties, one of its officers, afforded many shoppers and other spectators a bit of amusement not long ago, and Officer Fraties is just getting over the shock of it.

Officer Fraties wanted to park his car, and when he wants to park his car, he wants to park it. Does that make things any clearer? Anyhow, the car belonging to another member of the force, Charlie Guth, was in the way. Roy got out to see what he could do about the situation, and after looking things over he decided to move Charlie's car. Now Charlie drives a Chevrolet, and the button controlling his siren is located exactly where the starter button is on Roy's Ford. (Not an advertisement).

Roy got in, stepped mightily on what he thought was the starter, and the siren broke into a wail you could hear a mile away. Shops gushed forth shoppers, employees of the bank nearby reached for all loose currency, fire inspector Rowntree rushed from his desk to see if the situation came under his department, and, when he saw the police department's fiery countenance, decided that it did. If you happen to be speeding along some fine day and you hear someone whistling behind you, take a good look before you do anything reckless—it will probably be officer Roy Fraties trying like the very devil not to attract any attention by using his siren.

* * *

THE Pine Cone children, those young hopefuls who approach one with a plantive request to buy a copy of this famous news sheet, have furnished material for many a story, but since you haven't been offered one lately we hasten to give you this one, which was heard by one of our readers while waiting in a car on Ocean avenue.

Small boy, selling Pine Cones: "Want a Pine Cone, mister?"

Prospective customer: "Sorry, but I can't buy one because my 'boss' has the purse and she is in the store."

Boy: "Would she buy one when she comes back? There's plenty in the paper this week."

Man: "How do you know, son?"

Boy: "Because my mother is pretty foxy, and she bought one this time."

* * *

NOWADAYS, we have gotten used to getting substitutes for almost everything we can buy, and one has to look long and hard to find the real thing in many lines of produce and stuff. (That's really not a bad sounding sentence. Or is it?) For this reason, we look with benevolent pride upon an advertisement that was run some years ago in The Pine Cone. It was as straightforward and briefly clear as anything we have seen in a long time, and it went like this: "Pathfinder 5-cent cigars are guaranteed to be made of tobacco."

Although we have not operated many cigars, and those only on an experimental basis, we feel sure that modern cigar makers could only say that with their tongues in their respective cheeks. We may be prejudiced, but we claim that cigars are instruments of the devil, invented only to cause discomfort to the lover of fresh air. To see a hostess' face after she has told the men to go ahead and smoke because she just loves the smell of tobacco, and a guest lights up a section of what smells like tarred rope, is a revelation in itself. No, the modern cigar is an outdoor smoke, and the further outdoors the better. Possibly the Pathfinder cigar is still made, but we doubt it, because if it were, and if it still lived up to its old guarantee, it would certainly be in a class all its own.

LADIES! I wish to speak today on the subject of "*The meals we serve.*" I have discovered how we can have good food at reasonable prices. The way to have delicious meals is to buy BIRD'S EYE Frosted Foods. The new method of freezing employed by BIRD'S EYE insures the flavor and tenderness of the food. And what a boon to the cook to have vegetables cleaned, meat trimmed, bones and skin removed from fish. This is also a boon to the budget. We pay for *exactly what we use*. Therefore the price is as low and often lower than for ordinary foods. Another thing to remember is that *frozen foods* allow us to serve peas at Christmas—oysters in May—in fact; *any food, at any time*. So, ladies, in the interest of delicious meals—and for the sake of our budgets, BIRD'S EYE FROSTED FOOD. *Thank you!*

How To Tap Hidden Power Sources Told P-T. A. Members by Speaker

HOW to tap hidden and often unsuspected sources of power was suggested to an interested audience of P-T. A. members by Mrs. Mabel Farrington Gifford, head of the state department of speech education, in Sunset school library Tuesday afternoon. The meeting was arranged specially in order to give the local group the opportunity to hear Mrs. Gifford while she was on the peninsula as a speaker at the state convention of school superintendents. In the words of her friend, Mrs. John Fitch, who introduced her after Mrs. William Frolli, P-T. A. president, opened the meeting, Mrs. Gifford "uses something that has always been there, unused; she uses imagination and will as we use electricity."

Techniques which as the speaker explained have come into wide use in the treatment of nervous disorders, can also be applied to the problems of daily life; to the task of seeking physical, mental and spiritual poise in the drive and stress of a high-powered civilization; to gathering strength necessary for sustained work without screwing nerves to a high pitch. Her initial interest in the whole psychological field which she has turned to such interesting usage was aroused because she herself was a stammerer. Learning that this handicap arose from no physical cause, she worked out her own cure, based on "poised personality."

"Imagination", she declared, "can be harnessed to rebuild one's whole inner reaction to life experiences". But this cannot be merely wishful; it must be willful as well. She explained the necessary self-discipline; involving not only visualizing oneself in a desired situation, but holding the picture so dynamicaly that the necessary action will proceed without regard for past failures.

While psychologists have argued as to which was more important, heredity or environment, Mrs. Gifford believes that a third factor, of reaction to environment, is more decisive in determining the fate of the individual; that there is a "potential power" which if released can surmount any handicap of blood or circumstance. The trick is to awaken the conscious self to connect with this power.

The psychological "law of reversed effort" in which the "will-to-do" is counteracted by a conviction of failure, sets up a conflict in the region of certain major motor and physic centers, said the speaker, and this thwarting see-saw, "I want to but I cannot", sometimes erupts in nervous disorders. From war neurosis, physicians learned that nervous disturbances, manifested outwardly in seemingly irrelevant ways, need have no physical basis, but may arise from severe inner conflict.

"Imagination", said Mrs. Gifford, "is the scout who sees what we might be and do, who has vision and perhaps inspiration, sees over artificial barriers and self-imposed limitations." The will provides the spur to surmount those barriers.

A state in which mind and body reach a relaxed equilibrium is the one in which the source of unused power may be tapped, Mrs. Gifford declared. It flows in the form of new energy, and is a mode of shelter against too much speed and drive . . . "All so simple that people have overlooked it."

Mrs. Gifford's system is not so simple that it can be grasped in the course of a single lecture, but it appears to begin with a definite physical relaxation. She recommends periods of from 15 to 20 minutes in a busy day, of quiet solitude during which each portion of the body is flexed and allowed to go limp, the mind quiescent. The state of "equilibrium" seems to be similar to that reached by mystics in meditation or prayer.

Her discussion of will needed amplification not possible in a single session, but suggested the thought that it is better not to decide on a course of action unless one is very much concerned to carry it through; a half-hearted effort of will, followed by weakening and failure, and resulting in feelings of self-contempt and guilt, she indicated as building up unwholesome patterns.

For reading along the lines of her discussion, Mrs. Gifford suggested "Outwitting Middle Age" by Carl Ramus and "Growing Into Life" by David Seabury.

CORRECTION AND APOLOGY

In our issue two weeks ago we quoted the price of a Miracle Food Mixer in an advertisement of the Del Monte Dairy as $9.85. This should have read $8.95. It seems that the price is so low for such a fine mixer that neither our compositor and proof-reader could believe that it could be sold for $8.95. But it is. $8.95 is the correct price. Sorry.

Now's Time To Combat Oak Moth

THREE conscious Carmel residents may well view with alarm the appearance of countless moths fluttering about their oak trees. This, the fall brood, is extending its area of attack considerably beyond the spring front lines, and is now massing forces from the Woods to Santa Lucia avenue.

The objective of the moth at this time is to lay eggs on the protected underside of the leaves. Some of these eggs will hatch within a week's time; others may remain several weeks, depending entirely on weather conditions. A mild winter may see the hatch completed within a few weeks.

The newly-hatched worms are hungry and remain so during their entire feeding period which will last until late May or nearly June—assuming of course, that there will be sufficient "fodder" to last them that long. They are easily controlled, however, by the use of a poisonous spray; the earlier this is applied the more effective it will be, as the worms are more easily poisoned in the earlier stages with full leaf surface to hold the poison, than at a later time when a large portion of the foliage has been eaten away.

A spray properly combined with sticking materials and efficiently applied to the underside of foliage will withstand winter rains and assure the worms a ready-set dinner table. Trees that were sprayed since last April should be immune to attack at this time.

Onions peeled under water will not bring tears to the eyes.

"These Three", Gripping Drama of Havoc Wrought By Lie, Filmart

THE havoc wreaked in the lives of three innocent adults by the whispering campaign begun by a lying, spiteful child provides the theme of Samuel Goldwyn's powerful drama "These Three", which brings Miriam Hopkins, Merle Oberon and Joel McCrea to the Filmart theater tonight.

From the pen of Lillian Hellman, the famous Broadway playwright, the story of "These Three" is so skillfully developed and so brilliantly acted not alone by the stars, but by the supporting cast as well, that the result is one of the most gripping and magnificent pieces of entertainment.

The film introduces a truly great new child actress in Bonita Granville, who plays the wicked Mary Tilford with an uncanny understanding and artistry, and Marcia Mae Jones is also outstanding as Rosalie. Miriam Hopkins, Merle Oberon and Joel McCrea turn in their best performances to date.

This stirring film is the "screenization" of "The Children's Hour", the play which electrified New York audiences a year ago, and became so outstanding a success. It is not recommended for children.

In consideration of the festive Hallowe'en week-end a special matinee showing of the delightful picture, "Little Lord Fauntleroy" will precede the regular showing of "These Three", and will commence at 1 o'clock. The children of Carmel and the peninsula are urged to go to this early matinee since "These Three" is not juvenile entertainment. "Little Lord Fauntleroy", starring the versatile child actor Freddie Bartholomew, will also be shown on Sunday at 2:30 and at the evening showings both Sunday and Monday.

MUSICAL ART TUESDAY

The November meeting of the Musical Art Club will be held next Tuesday evening at 8 o'clock at the Van Ess-MacGowan home in the Country club. The program will be by the young people of the club, with Margaret Draper in charge.

Open House Held By Carmel Red Cross

The executive committee of Carmel chapter, American Red Cross, held open house at headquarters Wednesday afternoon. The visitors were shown the workings of the chapter, and tea was served. Mrs. Karl Rendtorff, chairman, headed the reception committee. Mrs. S. A. Trevvett, vice chairman, was in charge of arrangements, and Mrs. Herbert John Morse, Mrs. Robert Stanton, Mrs. James McIntyre and Mrs. John W. Dickinson poured tea. The Red Cross campaign organization will meet next week preparatory to the opening of the Roll Call Nov. 11.

Young Republican Rally Is Enjoyed

More than 100 young men and women attended the rally of Young Republicans Tuesday evening at Pine Inn, a short and snappy 40-minute program being folowed by an evening of dancing to the music of Allen Knight's orchestra, and refreshments. William Austin presided as program chairman, presenting Hal Williams as chief speaker. A law student at Stanford, Mr. Williams is executive secretary of California Young Republicans and divisional secretary for Northern California. He told of Young Republican activities throughout the state. Another speaker was A. B. McGuire, San Francisco attorney.

The rally was arranged by an executive committee including Miss Marguerite Tickle, Mrs. Pat O'Meara, Frank Work, Miss Charlotte Lawrence and Victor D'Acquisto.

FREE BRIDGE CLASS

A free bridge class conducted each Tuesday evening by the WPA recreation project, meets in the cafeteria at Monterey high school and is open to all interested peninsulans, according to A. T. Foster, project supervisor. There is no charge. The instructor is Alfred S. Baker, disciple of the Winslow system. Instruction is given by means of duplicate boards.

AUTO REGISTRATIONS

Registrations of fee paid vehicles in California for the first nine months of 1936, total 2,356,117, an increase of 8.59 per cent over the same period last year.

School Superintendents Convene at Del Monte; Hear Gov. Merriam

GOVERNOR Frank F. Merriam, Vierling J. Kersey, state superintendent of public instruction, Dr. Robert Gordon Sproul, president of the University of California, John A. Sexson, superintendent of Pasadena city schools, W. W. Kemp, dean of the school of education at University of California, Warden James J. Johnson of Alcatraz; Frederick R. Bechdolt, Carmel writer—these were a few of the celebrities secured as speakers for the California Association of Public School Superintendents in convention this week at Del Monte. A number of officers of the California Congress of Parents and Teachers were also on the peninsula this week, attending sessions of the superintendents' convention.

Attending the Wednesday morning session at which Gov. Merriam was one of the speakers were Supt. O. W. Bardarson of Sunset school district, A. G. E. Hanke and Mrs. Helen Levinson of the Sunset board of trustees. At this session Gov. Merriam released figures on the state biennial budget, showing just where the taxpayers' dollars go. Of the total of 431 millions, 217 millions will be returned in various ways to cities and counties, leaving a balance of 214 million dollars. Of this, 88 millions are collected by fees from self-sustaining bodies, not by general taxation. The remaining 126 million dollars will be spent as follows: unemployment relief, 48 millions; interest on bonds, 17 millions; construction of buildings for state institutions, seven millions; leaving 54 millions which represents the actual expenditure for administrative expense of the state.

About 800 educational leaders attended the convention, over which Cornelius B. Collins, president of the association, presided.

Toreadors Beat Mustangs 12 to 0

On Oct. 17 the Monterey High Toreadors football team defeated the King City Mustangs with a score of 12 to 0. The game appeared to be a draw until the third quarter when Manuel Chappel went over for a touchdown, the first score of the game. In the fourth quarter the Toreadors forced the Mustangs behind the latter's goal and Roscelli recovered a punt for the second score of the game. Some of the outstanding players were Roscelli, Sanders, Oleari, Chappell and Farmer.

The Toreador starting lineup consisted of Rosceli, left end; Wood, left tackle; Lazzarino, left guard; Oleari, center; Cuzenza, right guard; Isakson, right tackle; Maddelina, right end; Cornish, quarterback; Sanders, fullback; Butts, left half; and Farmer, right half.

Patterson Says His Chances Increasing

"Reports reaching me from scores of volunteer workers throughout the 35th Assembly District lead me to believe the chances of winning this election next Tuesday are increasing daily," declared E. E. Patterson, write-in candidate for election to the assembly, "I believe the popular majority of 1261 votes given me by the voters of the district in the primary indicate that I have kept faith with the people."

Mr. and Mrs. Darryl Huffman are leaving tonight to spend two weeks with relatives in Santa Rosa.

Home-Coming Dinner of Community Church Again Proves Big Success

WARM with associations of many years, and with the friendly informality which characterizes Carmel group activities was the annual home-coming dinner of Carmel Community church, held last Thursday evening in the Sunday school rooms. Response to the announcements of the party brought out a considerably larger group than was anticipated, but all managed to gather around the long tables for the repast prepared and served by Mrs. V. L. Gansel and her committee, and for the hour of fellowship following. Hallowe'en colors were used in decoration, and arrangements of late autumn flowers made the tables gay.

Each year at the home-coming dinner certain long-time members of the church are admitted to an elect group. Those who have worked in the church for 25 years sign the "golden scroll"; those with 15 years of work to their credit sign the "silver scroll." Climax of the evening was at the moment when three members of the church added their names to the honor roll; Mrs. D. E. Nixon and Mrs. H. J. Hollison signing the silver scroll, Mrs. G. F. Beardsley the golden scroll.

Otto W. Bardarson opened the program of the third annual get-together "in appreciation of the history of the church" and the pastor, Rev. Homer S. Bodley, presided thereafter. Present as honor guests were Rev. Fred Sheldon, pastor of the church from 1919 to 1926, now retired and living in Santa Cruz, "pastor emeritus" of the Carmel church, and Mrs. Sheldon. Mr. Sheldon's informal talk, lit with delightful humor, was one of the highlights of the evening.

Louis S. Slevin, introduced as "the self-styled Methuselah of Carmel", carried the thoughts of the group back to Carmel's earliest history, turning over the pages of his scrapbook of rare old photographs, letting them prompt him to informal reminiscences of the days before 1906. Few towns have as complete and interesting a pictorial record as that collected through the years by Mr. Slevin.

A history of the church, which was founded in 1904 with George Clifford as ts first pastor, was prepared by C. J. Arne, one of the charter members, and read by Mr. Bodley as Mr. Arne was unable to be present.

Musical numbers opened the evening's program, and dancing by a group of June Delight's pupils. Mrs. Vive Harber, accompanied by Miss Madeline Currey, played as violin solos, "Berceuse Slav" and "The Swan" by Saint-Saens. Dr. Lawrence M. Knox, baritone, sang "On My Journey" and "Ah, Sweet Mystery of Life", with the same accompanist. Jean Funchess played for the dancing, which included two group numbers by the following girls: Madeline McDonough, Carol Canoles, Rose Marilyn Funchess, Laurel Bixler, Dorothy Nixon and Yvonne Welch; a waltz clog by Billy Pat Torres and June Delight Canoles and a jump-rope dance by Leona Ramsey.

A committee headed by Mrs. Mabel I. Turner assisted Mrs. Gansel's group in arranging the dinner.

The goldenrod was the preferred national flower of the United States in 1889. The wild rose was given preference in 1929.

Stripped of its "WHISKERS"

PROPOSITION #22 IS A TAX ON YOU!

You must *defeat* it or *pay* it – in HIGHER PRICES ON FOOD AND OTHER NECESSITIES

There is a "joker" in Proposition 22 on your November ballot!

Called a "Retail Store License," it looks innocent enough. But stripped of its disguise, it is a Tax *that will have to be passed on to you in higher prices.*

It provides that chain stores selling food and other necessities will be taxed $500.00 a year for each store over nine. Individual stores will pay only $1.00 a year—or one five-hundredth as much.

BUT...

...says the U. S. Federal Trade Commission:

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

BECAUSE...

...as the Harvard (University) Bureau of Business Research discovered in studying 32,998 chain stores...chain stores operate on a small profit. They eliminate middleman's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in *prices 10% below the average.*

Four out of five chain stores do not make enough profit to cover the tax. Thus some of them will be forced out of business—*allowing their competitors to raise prices.*

Surviving chains will be forced to raise their prices to pay the tax.

Either way, you will foot the bill.

Remember, this tax is admittedly *not for revenue purposes.* It is cleverly camouflaged subsidy for the middleman and wasteful business methods—*at your expense.*

If you think that chain store competition helps to keep *all* prices in line with your pocketbook—if you think that you already PAY ENOUGH TAXES ON FOODS AND OTHER NECESSITIES, *vote NO and keep prices low.*

For no matter how named...no matter how heavily disguised...*22 is a tax on you...VOTE NO!*

22 IS A TAX ON YOU—VOTE NO!

RETAIL STORE LICENSE	Referendum against act of Legislature (Chapter 849, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepts filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses. CALIFORNIA CONSUMERS CONFERENCE

Grand Master of Masons Visits Here

Following his election in San Francisco on Oct. 16 as Grand Master of the Masons of California and Hawaii, Rollie Webster Miller paid his first official visit to the Masons of Monterey county; a joint session of the six lodges of the county at the Monterey temple last Friday evening. On Saturday Mr. Miller was the guest of his sister-in-law, Mrs. Julia Miller Wilkins, in her Carmel home at Carmelo and Ocean.

Mr. Miller is a Los Angeles attorney, and ordinarily the round of his official visits would have started nearer his own home district, but as business brought him to this section of the state, it enabled him to honor Monterey county Masons, comprising the 56th district, with first call. While in Carmel Mr. Miller inspected the Masonic Temple in company with Charles R. Watson, was interested to learn that as well as being the "baby" lodge of the state, the local Masons have also the smallest lodge room in the state.

DIRECT BENEFIT OF WPA IS SHOWN

ALL but $3.80 out of every $100 in the many millions expended by the Works Progress Administration of the United States, to assist unemployed and to develop and maintain the resources of cities, counties, states and the nation, has gone into wages for unemployed, materials and equipment sold or rented by American business men and producers, and the salaries of a small group of specially trained people not on relief.

Of the $96.20 out of every $100 administered at the cost of $3.80, the sum of $75.70 has gone for relief wages; $16.70 for materials and rental equipment; and $3.80 for experts not on relief whose services were necessary for the success of WPA projects.

These percentages and proportions are based upon statistics gathered in California state headquarters of WPA service at San Francisco.

"The figures presented by California WPA headquarters tell the same story that is found in the books of the WPA district," Colonel H. A. Beaton, Jr., District Director of WPA, with headquarters in Santa Barbara, said in a week-end visit here.

"Since July 1 this district, and all WPA districts, have worked on a 'plans and specifications' basis. The responsible WPA officials have studied the plans for each project proposed. These plans have not been approved and acted upon unless they provided work in which the great bulk of the expenditure called for would go to men on relief."

Social service and relief authorities assert that the 3.8 per cent administration cost record established by the WPA cannot be further reduced without bringing danger of waste through lack of sufficient supervision.

No Secrecy Around WPA Payrolls; Monterey County Expenditures Cited

By THELMA B. MILLER

A "note to editors" on stationery of the Republican National Committee, Chicago headquarters, was received by California newspapers, including The Pine Cone, last week. It began as follows:

"Local WPA officials are claiming in many instances that WPA payrolls are not privileged and are refusing to let reporters see them. However, WPA officials in Washington have advised the United Press that reporters have 'a legitimate right' to see all WPA payrolls.

"This is for your information to expedite creation of stories in your locality dealing with the high salaries paid many unqualified WPA executives."

This suggestion "expedited" us in the creation of the following story, after a visit to Monterey County WPA headquarters in Monterey county:

The administrative personnel of the Monterey County WPA includes a total of six men and women; the total of the payroll is $770 each month. Now, a paycheck is a pretty intimate thing; none of us is particularly anxious for our neighbors to know just how much we get every month. So I am not going to name names, nor tell just how much each of these men and women receives. It is obvious that the average of their monthly pay is $128.33 1/3; the highest salary in the lot is $175 and the lowest is $90.

The head man in this set-up, the county director, has a definite and rigid set of qualifications to which he must measure up. He must be a graduate of a recognized engineering college, and with a minimum of 10 years' experience in charge of engineering and construction projects. The man next in line to him must also be a graduate engineer, with seven years of executive experience in his profession. And the extravagant, wasteful government pays $175 as top salary for such skilled executives. All six of these people must work a minimum of 169 hours a month—the equivalent of a working week of five and a half days—to draw their pay.

This administrative staff has charge of a "business" through which $50,000 has passed during the busiest months; with an average monthly expenditure at present of about $15,000. Compare these pay standards with private business. We hunted up, among our acquaintances, an owner-manager of a private business, whose "take" out of his establishment is $175. His gross business amounts to about $1500 a month; considerably smaller than the "gross" of WPA. His responsibilities are infinitely lighter.

The responsibilities of the WPA administrative personnel have been to as many as 7000 people, in some months; the 1400 workers and their families who represented the peak load, last March. This number fluctuates constantly—adding to the complication of administrative problems. Right now it is down to a few hundred workers, but as the various harvest seasons close in the county, it will be augmented.

Major W. H. Landers, the Monterey county WPA director, has been handling men all of his professional life as an engineer—about 25 years. He knows men, and good workers from poor ones. Of Monterey county's WPA workers he said—and he thrust out his jaw when he said it:

"The men and women on WPA are doing just as good work as if they were under private employment. It is unfair to belittle their efforts."

Speaking of "politics in relief"; a recent order has come from Washington which is going to do the administration a lot of good with the relief workers. It set 65 as the top age limit at which workers could be employed. That meant that all men over that age have been rigorously weeded out.

The elderly reliefers are "sore as crabs" and so are their families and friends. A fine attitude for an administration wishing to perpetuate itself to inculcate in voters on the eve of a general election!

COMRADES FROM KANSAS

Let's play Red scare.

"Alf Landon is a Communist." That's our contribution to the game.

Ridicultous? Let's look at the record. The Communist platform advocated by the party and its candidate, Earl Browder, favors soil conservation. So does Comrade Landon.

The Communists favor Federal aid to agriculture. So does Comrade Landon.

The Communists want protection of trade unions. Comrade Landon says he does, too.

The Communist platform and Earl Browder are against inflation. Comrade Landon also is against inflation.

The Communists deplore crop destruction. Comrade Landon and his pals are most eloquent in depicting the sins and horrors of crop destruction.

How's that for an expose, Mr. Hearst? Just compare the two platforms and it looks like Alf Landon is taking his orders from the Kremlin.

Maybe the du Ponts have been getting some more Russian gold to add to the $60,000,000 they received in one check for munitions sent Russia during the World War.

And, oh yes, Browder's from Kansas, too. Just a couple of comrades from Kansas!

Silly? Of course this is silly. It's just as silly as the Hearst-Knox-Hamilton cry that Roosevelt is a Communist.—New York Post, Oct. 15, 1936.

TWENTY-THREE MEASURES ON BALLOT BOILED DOWN FOR VOTERS' CONVENIENCE

THE Pine Cone's analysis of the 23 state propositions to be voted upon at the general election next Tuesday—seven initiatives, two referendums and 14 legislative submissions—are based upon the research work of the League of Women Voters, the explanatory comments of political writers in the metropolitan press, and our own perusal of them, together with such disinterested information as we have been able to get from various other sources. The general nature of the three divisions in which the measures are classified was well explained in Chester Rowell's column in the Chronicle on Oct. 22:

"The initiatives, as usual, are nearly all submitted by special interests, rather than by any spontaneous uprising from the people . . . They are: No. 2, income Tax; No. 3, liquor control; No. 4, tideland drilling; No. 7, county and municipal civil service; No. 9, local option; No. 10, motor fuel taxes; and No. 11, teachers' tenure. The referendums are against special interest laws passed by the legislature, brought by the contrary special interests; No. 18, oleomargaine tax, and No. 22, chain store tax. The 14 measures submitted by the legislature, not because the legislature wanted them voted on by the people instead of by itself, nor because anybody asked for ther submission, but because the antique state constitution left the legislature without authority over them."

There is no No. 1 on the ballot. Prop. No. 1, the so-called sales tax repeal, was omitted pursuant to the decision of the California Supreme Court, handed down Aug. 27, 1936, in the case of Clark vs. Jordan.

No. 2 would repeal the income tax. This is a source of income which California cannot afford to relinquish. It is also a fair tax, based on ability to pay, and making the tax structure more uniform by balancing the sales tax, "the poor man's income tax." Vote No.

No. 3 would take state control of liquor from the Board of Equalization which made a scandal of it, and put it in the hands of an appointive Alcoholic Beverage Commission, with provisions respecting the desires of local communities. Vote Yes.

No. 4 is one of those nigger-in-the-wood-pile measures. It proposes to "prohibit tide-land drilling," which is already prohibited by state law, but would permit major oil companies owning property adjacent to state-owned beaches, notably at Huntington Park, to drain the state's oil pools by slant drilling from the uplands, for which privilege they propose to pay the state a totally inadequate royalty. Vote no.

Nos. 5 and 6 affect Los Angeles particularly, concern the rest of the state chiefly on the ground of precedent established. No. 5 would permit the Pacific Exposition Corporation, non-profit organization of Southern California business men, to receive financial aid from the taxpayers of Los Angeles county, in the event that a bond election in Los Angeles county carries by the necessary two-thirds majority, to finance an annual Latin-American commercial exposition.

No. 6 would permit the same corporation to use property of the Los Angeles school district or city for exposition purposes. It may be questioned whether the precedent is a good one. No recommendation.

No. 7 would not advance civil service as claimed, but is a blow to the merit principle. It would blanket into their jobs city and county officials, variously estimated at from 16,000 to 90,000, both elective and appointive, regardless of qualifications. The measure is strongly opposed by the League of Women Voters, one item on the major program of which is advancement of the merit principle. Vote No.

No. 8 would give to the legislature the power to "amend, revise, supplement or repeal" the permanent registration law, which most counties—Monterey county excepted — have found more efficient and economical than biennial registration. Vote No.

No. 9 provides that every city, town, county . . . shall have the power to "regulate, zone or prohibit" the sale of alcoholic beverages. Local option, in short. Vote No.

No. 10 is another deceptive measure. It purports to "earmark" motor vehicle and license taxes for highway purposes, writing into the state constitution a principle already well enunciated. Opponents claim that an inconspicuous clause provides that any tax on other motor fuels than gasoline, for instance Diesel fuel, would be taxed at the same rate as gasoline. Diesel trucks, which use considerably less fuel than gasoline vehicles, and are a prime source of highway wear-and-tear, would pay considerably less for the use of the highways than the general motoring public. Vote No.

No. 11 is a new teacher tenure law. The California Teachers Association. trustees' association, P-T. A. and other friends of the schools say that the present teacher tenure law is satisfactory and that the proposed new law is ill-conceived and discriminatory. It carries a good principle too far. Vote No.

No. 12 would set up a new criminal appeal court presumably to expedite review of criminal cases, possibly to provide a new set of jobs at public expense. Opposed as an unnecessary duplication and a departure from a uniform court system. Vote No.

No. 13 would extend the power of condemnation under eminent domain to such projects as expositions and fairs. Only government agencies should have this power. Vote No.

No. 14 eliminates the population restriction and other ambiguities from provisions in the state constitution for consolidation of cities and counties, eliminates the possibility of consolidation with "islands" of territory not consolidated and makes one less election in the consolidation process. Vote Yes.

No. 15, relief to assessment districts, corrects the boom-time error of special assessment districts which built streets and roads they were unable to pay for during depression. Cities and counties could legally assume the burden in cases where the roads are of public value. Vote Yes.

No. 16 would permit water districts to use financing methods similar to those used by irrigation districts and would provide for transfer of money, general or special, for a limited time to pay interest on bonds rather than borrow the money or issue warrants. Vote Yes.

No. 17 would broaden the tax base to include oil or mining rights or improvements on leased lands, as if such improvements were attached to taxable real property. Vote Yes.

No. 18, it is estimated by those who oppose the bill, would raise the price of oleomargarine about 10 cents a pound. As people who use oleomargarine instead of butter do so from necessity and not from choice, this amounts to a discriminatory tax on the poor. This measure, in various forms, has several times been voted down. Vote it down again.

No. 19, legislative printing, is to provide funds for "after session" work in the Senate and Assembly, including printing and mailing copies of new bills to people who request them. It would seem preferable that the people desiring this service should pay for it, as at present. Vote No.

No. 20 provides that publicly-owned museums or art galleries could be given over to non-profit organizations for management. Vote Yes.

No. 21 is an enabling act to make the women's prison at Tehachapi a separate prison instead of a branch of San Quentin, administered by a separate board, the majority of whom shall be women, with power to employ a properly qualified woman superintendent to carry out the original plans for a program of work and rehabilitation at the institution. Strongly favored by women's organizations of the state. Vote Yes.

No. 22, the chain store tax. We would like this initiative better if it did not exempt chain filling stations, chain theaters, chain beauty parlors, chain ice distributors, all of whom lobbied themselves out, while taxing, not for revenue but for regulation, chain groceries, drugs, shoes, lumber, clothing, auto supplies, hardware, coffee stores, restaurants, cigar stands, candy stores and general merchandise. The independent merchants of Carmel would appreciate a Yes vote.

No. 24 revises proceedure for obtaining home-rule charters in cities and counties, in three ways. Adds the question "shall freeholders be elected?" to a freeholders election; provides charter amendments may be presented at special as well as regular sessions of the legislature; the legislative body may submit a new charter to the electors without prior election of freeholders. Vote Yes.

George Grafft has returned after a week's vacation at Paraiso Hot Springs.

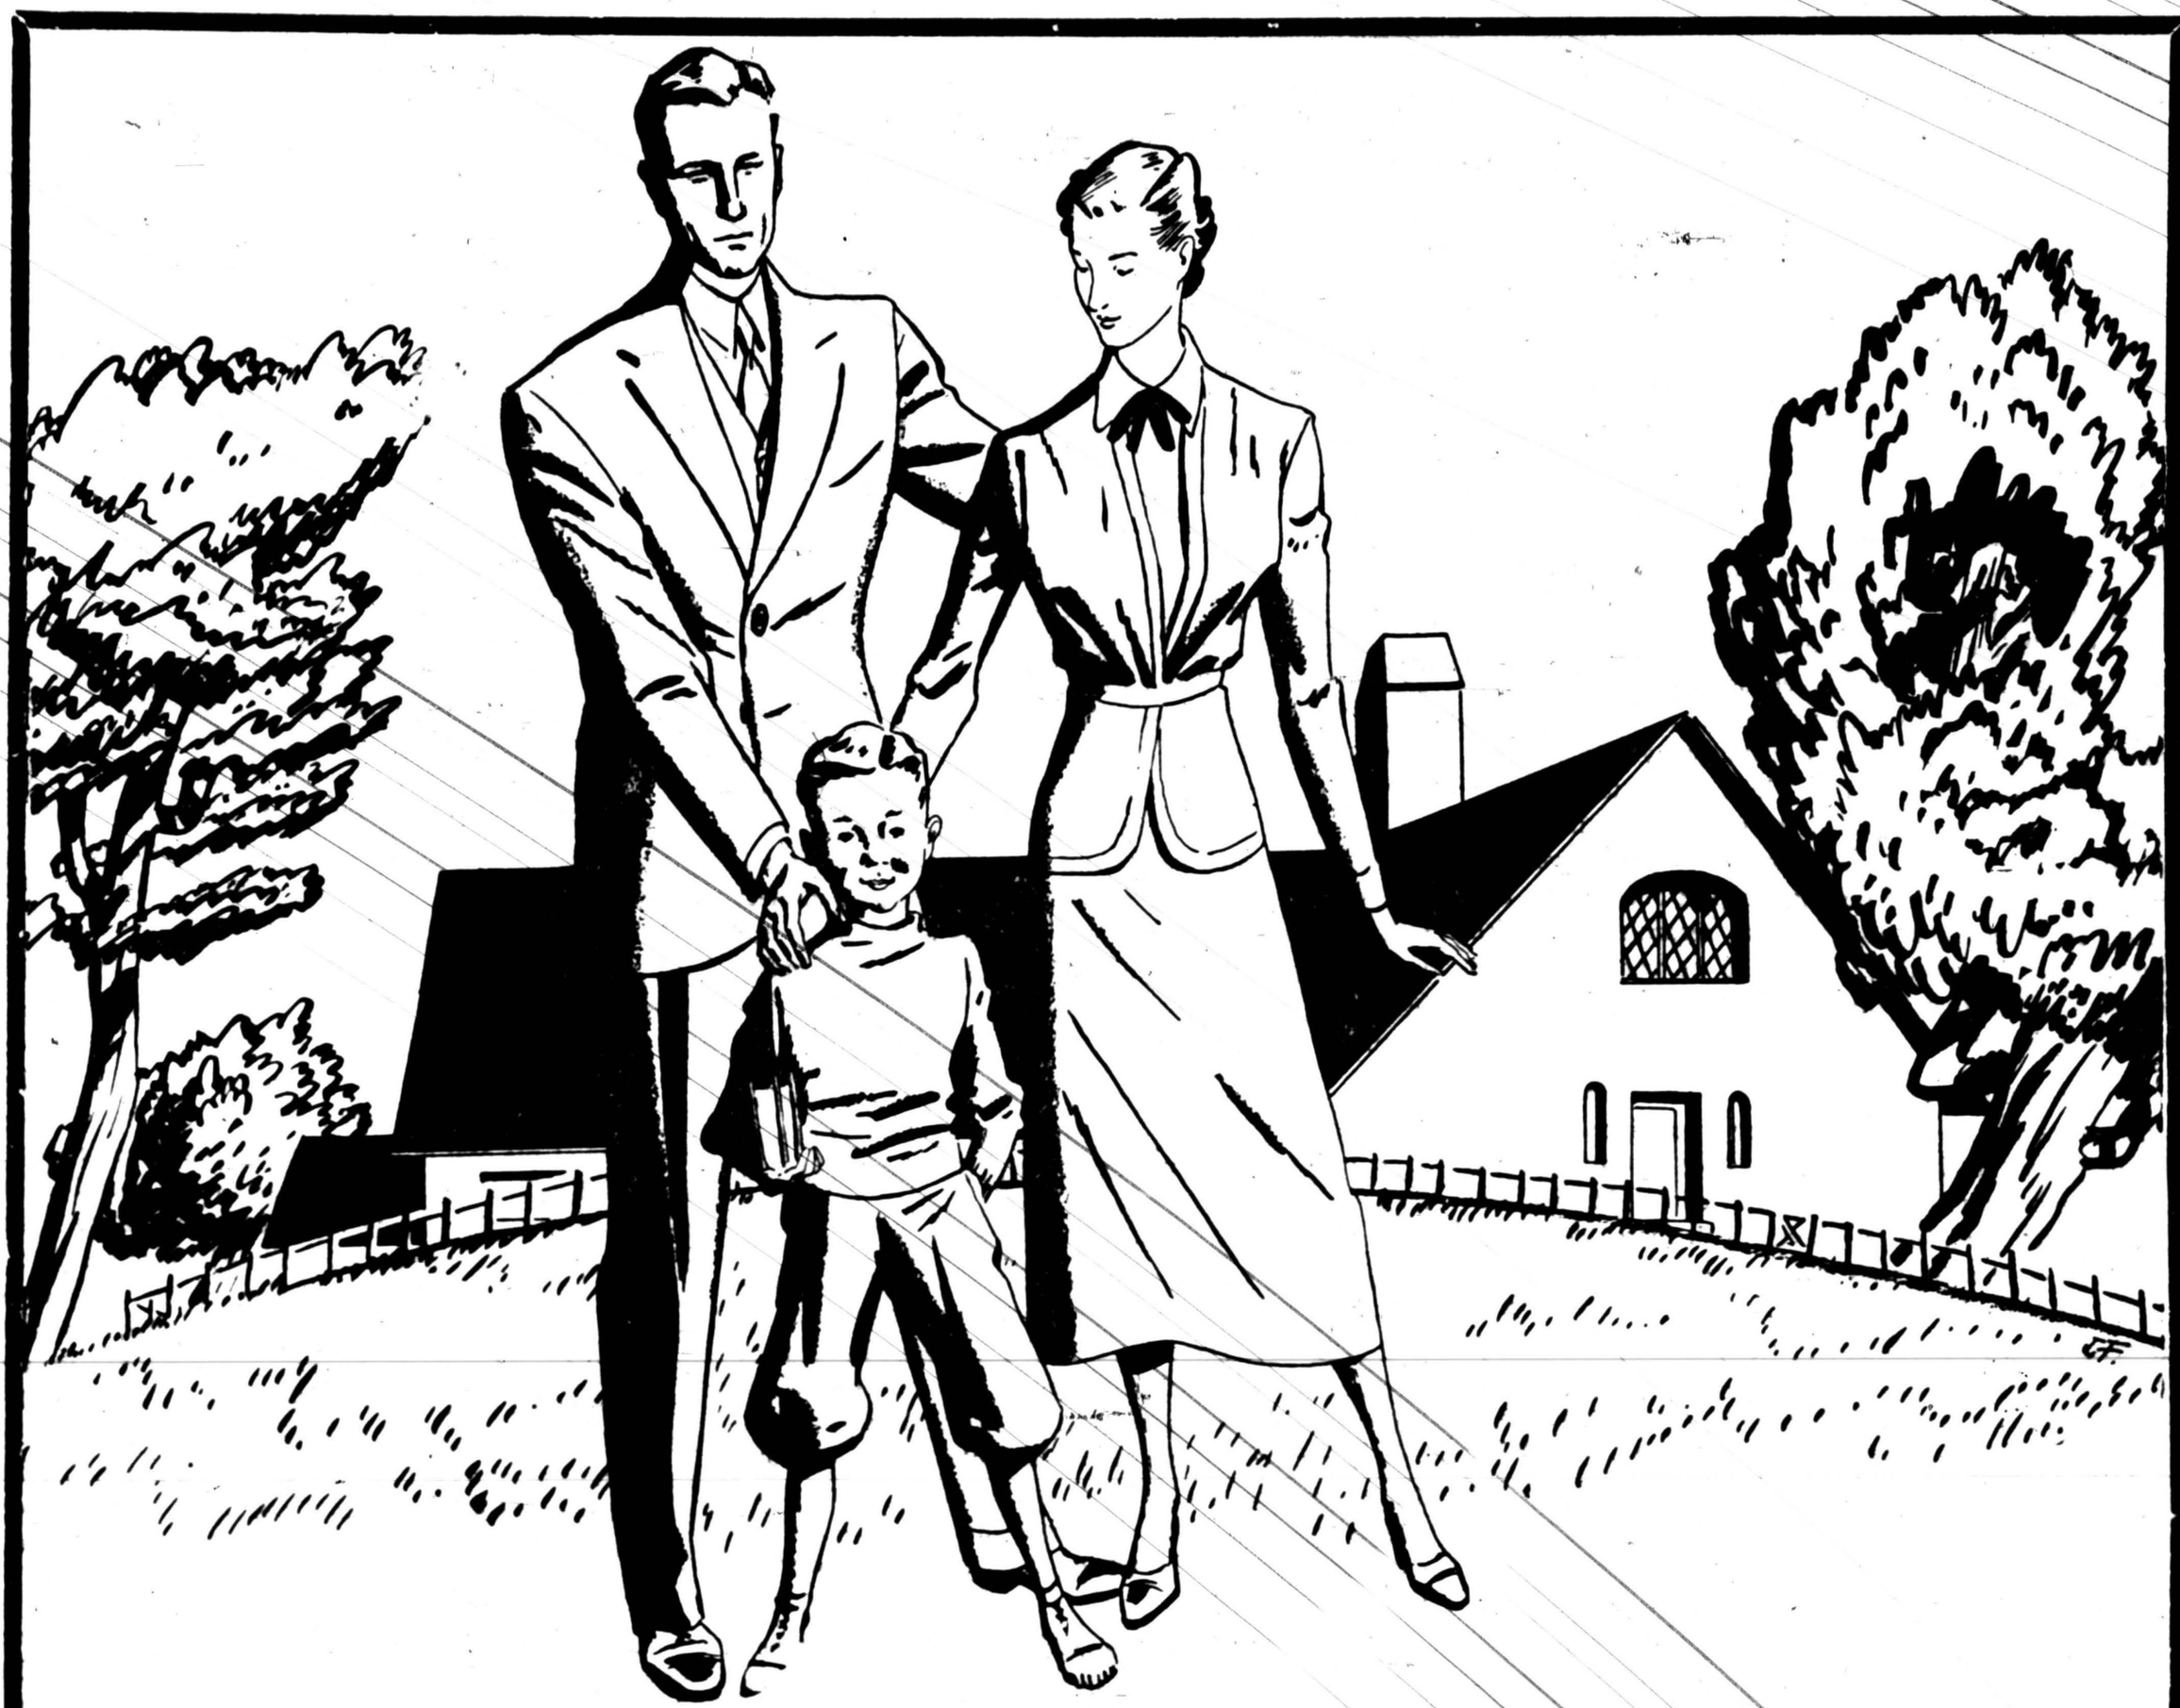
(Political Advertisement)



You Must Protect Yourself and Family

BY a clever piece of strategy the large chain stores operating in California are attempting to shift a part of their tax burden back onto the people of California, onto YOU and me.

Last year, as you know, your state representatives, faced with the problem of raising additional money to meet the operating expenses of California, overwhelmingly voted (102 to 12) to place a tax on chain stores.

The amount of this tax ranges from less than one cent per day per store to a maximum of $1.37 per day per store. The legislature voted this tax after carefully investigating its fairness and the ability of the chain stores to pay it without injury to their business. They realized that the average citizen was already carrying a large tax burden.

Naturally, the powerful and well-organized chain store group moved fast to avoid payment. They have already avoided payment of the tax for 1936 (estimated at $3,000,000) by initiating a minority petition for a referendum, placing the issue on the already crowded November ballot.

Now the chains are out to *permanently* kill this tax at the polls. The hundreds of thousands of dollars they have spent in "sob story" propaganda has been but a small portion of the $3,000,000 they have already "saved" at the taxpayers' expense.

The chains have carefully refrained from mentioning that if this chain store tax is killed, the people will have to levy other taxes on themselves—perhaps higher sales taxes, income taxes, automobile tax, property tax, etc., to meet the deficit.

It is important that every voter protect himself and his family from unnecessary additional taxation by voting YES on Proposition No. 22. A YES vote will prevent the chains from shifting their share of the state's tax bill to you.

The Chain Store Tax was made a STATE LAW last year by overwhelming vote (102 to 12) of our State Legislature.

To evade payment, the Chains have referred this law to the voters, attempting to override the Legislature's decision.

The Legislature imposed this tax because (1) the State needs the revenue, and (2) the Chains CAN afford $1.37 tax per day WITHOUT RAISING PRICES.

If the Chains do not pay this tax, YOU must pay it for them by increased sales tax, higher automobile tax, etc., etc.

If you think the Chain Stores SHOULD pay their fair portion of the state's taxes . . .

VOTE YES
on Proposition No. 22

Make Chain Stores Pay THEIR Taxes, Too!

Vote YES on 22

THE EDITOR SUMS UP THE ELECTION ISSUES

JUST four more days; the shouting will all be over—for which we render thanks to Heaven—and we Americans will go to the polls in greater numbers, probably, than ever before in our history, to decide who shall be the next president of the United States. This is one of the critical periods for this nation; a time of transition which has been speeded into visibility by the unprecedented tempo of modern life. While this is undoubtedly a crucial election, the fate of the country will not stand or fall by the results. Certain new directions have been given our national life during the past four years, and these, to some extent, will persist, regardless of which party wins the election. We may be concerned with methods rather than with ends, since the ends are more or less predetermined.

The editor of The Pine Cone has voted for a Democratic presidential candidate every year since attaining his majority; not from "heredity", since he was born into a Republican family, but from conviction. He will cast his vote for President Roosevelt with more fervor and satisfaction than for some Democratic candidates of the past 12 years. This is neither here nor there, save that it gives him the privilege of denying the claims of so-called "Jeffersonian" and "Constitutional" Democrats that theirs is the true brand of Democracy. There are words of Thomas Jefferson—whom Tories of his day called the leader of the "rabble"—which if known to those who call themselves "Jeffersonians", would horrify them with their rampant "radicalism".

We voted for Al Smith in 1928, because at that time, and in the light of his record as governor of New York, he appeared to be the leader of the party of the people. Now—"all our tears will not wash out a line of it"—or words to that effect.

Our vote for Roosevelt will also be a vote of protest against the studied campaign tactics of the Republican party in smearing the president and his supporters with the odious "red" epithet. The President's "communism" is that of any good Christian, who does not ask any good thing for himself that he is not willing to see granted to all others, no matter how humbly situated. It denies that there is a favored economic class which should subsist at the expense of wage-workers; which may be assured of security when others are not. We sincerely believe that in the present administration the people of the United States have the best defense possible against revolution, communism, and the horrors of too violent transition.

Our vote for Roosevelt will be a protest against social and economic coercion of voters, which we have seen in operation here. This is just as undemocratic and unAmerican as coercion of reliefers, which does not exist here, and the widespread existence of which we doubt. It is as despicable for private employers to attempt to direct the vote of their workers as for government agencies to do so; for clients and customers to threaten reprisals against business and professional men as for political bosses to menace the job tenure of government employes. Against these twin evils, good American citizens must protest as strongly as they are able.

"Politics in relief" has been made one of the major issues of the campaign. It is a false issue. Candidate Landon believes that relief—which he does not deny must be continued—should be handled by states, with federal funds. This would mean 48 types of relief handled by 48 types of state politicians. It would perpetuate whatever evils there are in the present setup, and invite new ones. The federal government now has some jurisdiction over the manner of the spending of federal funds for relief and work-relief; not enough, perhaps, to prevent corruption, inefficiency and extravagance in states where the responsible agents are grafters, wasters or inefficient. The Republican candidate thinks that Republicans can administer federal relief funds more efficiently and more cheaply than Democrats. The party which swallowed the camel of the Teapot Dome and Elk Hills oil leases, the looting of the Veterans Administration, strains at the gnat of WPA. A corrupt political machine is just that, whether it is Republican or Democratic. The best way to spike its wheels is through federal control; a strict audit of social, engineering and personnel standards. States which elect to have decent and fair relief standards would, under the Landon proposal, even more than at present, be invaded by hoards of the dissatisfied from states where the relief standards were subhuman.

As a small-time capitalist, we are for Roosevelt because he took the steps necessary to save the tottering capitalistic system. We are not sure that the Republican party has learned enough from the depression and the New Deal years to repent of its errors of 1929-32. It has not diverged far enough from the fundamental beliefs of the old owners of the party. Landon believes that the reciprocal trade agreements should be repealed. Yet these agreements, an attempt to rectify the disaster of the Smoot-Hawley tariffs, represented the first realistic gesture toward correcting the fundamental causes of world depression; the stagnation of world trade. More stable international economic conditions are the only possible means, at present, of lessening the pressure toward world war.

No small business man, no small capitalist has been "repressed" or "coerced" by the policies of the present administration; nor have farmers, whose purchasing power was restored by the benefit payments under AAA, nor were industrialists who voluntarily wrote and attempted to govern themselves by NRA codes. If pressure has been felt, it has been by those enormous enterprises which must be curbed if individual initiative for the small man is to be a reality in a highly organized industrial order. If any business man fears to expand or to launch out into new ventures it is because he lacks intestinal fortitude. The small business man has as good a chance to succeed by hard work, wise planning and frugality today as he has ever had; certainly a much better chance than he had in the years 1929-32. If he excuses his own lack of initiative and courage by blaming it on the federal government he is a plain cry-baby, with the will to fear rather than the will to success.

The investments of some of us small capitalists went glimmering in 1929, and with them our confident expectations of an old age of ease, comfort and security. Pronouncements of the Republican high command lulled us to a false sense of security and encouraged us to chase the chimera of quick wealth, when we should have been hunting a cyclone cellar. Perhaps we learned a wholesome lesson. David Cushman Coyle says: "If every person in the United States could have a modest little nest egg of $10,000 invested in conservative bonds, business and government would have to be in debt one trillion dollars. In 1929 business was wrecked trying to pay interest on less than a quarter as much debt as that. We can save money till we are blue in the face, but if we try to invest any such sum we only pile debts on business until it sinks down and lies prostrate under the load. We have to look for safety in some other direction than by investing money without limit. That is why we need to work together for mutual protection by such means as unemployment insurance and old age pensions." This was one of the principles enunciated by the New Deal, after the Old Deal had "had its chance and muffed it."

The New Deal enacted a great volume of emergency legislation. Some of it was ill-considered, hasty, poorly-drawn. A fire department in putting out a conflagration which may spread to neighboring dwellings sometimes does more damage to house and furniture than the fire itself. The administration had first and foremost to enunciate a policy. The policies were fundamentally good; there is now a breathing space in which the mechanical means for carrying them out can be perfected. They should be perfected by the men who formed them; not by a party which historically has had diametrically different policies.

While denouncing "waste and extravagance" Republican campaigners have made no definite pronouncement of how they propose to effect reform. The only place for saving to amount to a drop in the bucket is in the field of relief. If relief is administered any more cheaply it will be at the cost of efficiency—no man, even reasonably good, will direct county WPAs for less than $175 a month. Any further saving would come out of the hides of reliefers, and this recourse Candidate Landon has promised not to take. Landon has promised "better" aid to farmers, reviving some of the features of that colossal and expensive failure, the Hoover Federal Farm Board, at an estimated cost of one billion dollars a year! The Landon promises hold out little to attract the small man, and much to disconcert him. Not one statement in the entire campaign holds out any reasonable hope of more efficient or less costly federal administration than we have at present.

As for the other candidates on the ballot; it is obvious that the vote will closely follow that of the vote for the head of the ticket. Alonzo Baker, the leather-lunged demagogue, has gone up and down the district, shouting denunciations of the president and all his works; it is inconceivable that any supporter of the president should give a vote to Baker. Congressman J. J. McGrath has campaigned on his record of support to the president. Those who wish to retain Roosevelt in office will obviously retain the man who is in harmony with the policies of the president and is not afraid to say so.

State Senator E. H. Tickle has a personal popularity which will assure his return to Sacramento. Many of the senator's friends believe that he has a keen vision for the handwriting on the wall. If the vote in his district shows a decisive trend toward liberalism, they predict, he will accept the mandate that a liberal record in Sacramento is of more importance to many of his constituents than the amount of bacon he brings home. Candidate Ray Shellooe is believed to have lost the liberal support wavering in his direction on the peninsula by his vote on the Salinas anti-picketing ordinance. At the same time he alienated an important sector of his Salinas support, so that whatever chance he had of defeating the popular incumbent has gone glimmering.

Ellis E. Patterson, who is honored by the personal enmity of Governor Merriam to such an extent that it is said the governor will go out of his way to block any measure which Patterson is supporting in the assembly, in conducting a write-in campaign for reelection to the lower house, since, as a registered Republican, he lost his party's nomination to that other registered Republican, Henry Potter Russell. Inertia and the difficulties of properly instructing the voters makes the success of any write-in problematical. There is a clean-cut liberal-conservative issue here, however. Liberals of both parties will do well to write in the name of Ellis E. Patterson. Merriam will not always be in Sacramento; the Democratic governor who will be elected in 1938 will need the support of seasoned, experienced liberals in both houses.

FOUR WONDROUS NEW REASONS WHY:

"It's Buick again!"

SENSATIONAL is the fervor with which the American public has taken to its heart the brilliant motor cars offered by Buick this year.

Indeed, the sweeping success of the 1936 Buick program flatly challenged us and our great parent General Motors to a momentous decision.

Should we continue this amazingly popular line of cars into next year, perhaps the prudent thing to do—or should we dare broad improvement upon their spectacular excellence?

We felt there was only one right answer to that question, the bold and progressive answer—and that's why insiders now forecasting 1937 are already saying: *"It's Buick again!"*

That's why on top of $15,000,000 recently spent retooling and re-equipping Buick's great plant, we appropriated and are now spending $14,500,000 more.

That's why every car in the 1937 Buick line—the SPECIAL, the CENTURY, the ROADMASTER and the LIMITED—has more beauty for dazzling style, more power for breath-taking action, more room for full-family comfort, more downright "road-command" for safety and pleasure. See them.

YOU'VE GOT WHAT IT TAKES!

You can afford the new Buick. It's easy to buy and thrifty to own. With all its quality, its phenomenal performance and stunning style, prices start as low as . . . $1086 and up, delivered here

General Motors terms to suit your liking. Safety glass included, accessories extra. Prices subject to change without notice.

YOUR MONEY GOES FARTHER IN A GENERAL MOTORS CAR

Plans Nearly Completed for Rodeo And Gymkhana at Fish Ranch Soon

PLANS for the amateur rodeo and gymkhana to be held at the Sidney Fish ranch Nov. 14 and 15 are going ahead at full speed. A meeting of the rodeo committee was held at Crespi hall last Friday night, when various committee members made reports on the progress of their work and further plans were made to assure the success of the event.

Arrangements already have been made for the regular rodeo events such as roping, bronco riding and steer riding, and to these have been added gymkhana stunts, including jumping, pony racing and donkey racing. Stables from all over the peninsula are entering horses in the various events and a large supply of mounts will be on hand. Amateur riders from many ranches are sending in their applications, and much interest has been created by the news that girls from the Douglas school at Pebble Beach will ride their horses in the gymkhana.

Much comment has been aroused by the arrival from Spain of Senor Ramon Felipe de la Moraga and his pet bull, Bobo. Senor de la Moraga, long famous for his skill as a matador, fled from his rancho when it became overrun with troops during the current conflict. He was able to save Bobo, but the rest of his valuable possessions were left behind. Senor de la Moraga has promised to appear on both days of the rodeo to show Americans a real Spanish bullfight. Members of the committee have received several telephone calls from local citizens desiring to protest the bullfight on the grounds of cruelty, but Senor de la Moraga can not be reached as he is practicing on the remote ranch of a friend, many miles down the coast. In all probability, he and Bobo will not appear locally until the opening day of the rodeo. When notified last week of the fact that there might be some who would object to his show, Senor de la Moraga, who has studied in the most famous universities of Europe, merely shrugged his shoulders in true Spanish style, and, lapsing into Latin, which he speaks equally as well as he does Spanish, said: "Dulce est desipere in loco. As you Americanos so quaintly say, 'Let yourself go'. I am sure that no one will object to my bullfight. It is that different. You have but to come and see for yourselves that I am right."

Basketball Teams Formed at Sunset

Eleven teams have been organized for the winter intramural basketball season at Sunset school, which will hold the spotlight of sports interest until spring. The five first-string men and two subs on each of the teams are as follows:

No. 1, G. Goessler, C. Whitman, D. Morton, K. Jones, W. Goss, O. Mead, M. Ruhl; No. 2, W. Coffin, M. Artellan, W. Morrison, G. Miyamoto, B. Bardarson, W. Askew, W. Wishart; No. 3, G. DeAmaral, R. Williams, H. Gottfried, W. Plein, R. Uzzell, S. Olmstead, J. Gulart; No. 4, I. Parker, P. Elliott, R. Martin, A. Cobbe, W. Richardson, W. Olson, B. Cady; No. 5, D. Berry, T. Berry, R. Haller, D. Appleton, I. Williams, D. Wermuth, S. Ewig; No. 6, R. Garguilo, M. Stearns, S. Flavin, A. Hately, J. Handley, J. Greenan.

No. 7, R. Frolli, E. Cowley, W. Lange, R. Barbour, J. Levinson, O. Bassett; No. 8, G. Ray, B. Ruhl, G. Stoddard, V. Torres, W. Monroe, R. Weer; No. 9, H. Dormody, R. Mayes, H. Levinson, H. Warrington, W. Christierson, J. Mayes; No. 10, H. Johnson, C. Gansel, J. Welsh, H. Lockwood, R. Estep, J. Moody; No. 11, D. Whitmer, J. Leidig, R. Gansel, D. Pelton, K. Whitcomb, J. Graham, W. Mayes.

STUDENTS ELECT ROOSEVELT

A straw vote for the presidential election was held at the Salinas Junior College during the first part of this week. All students under 21 were eligible to cast their vote. Franklin Roosevelt carried the voting by a large majority.

CALM HEART

Do not say that she is dead;
She could not die who taught
So many lives to live, who led
Young souls in noble thought
And prayed for greater works to do,
For beauty she might share;
Not dead is she whose calm heart knew
That God would answer prayer.

—RUTH M. PARKS.

Mrs. Carl Voss To Head League

Mrs. Carl Voss, president of the Monterey County League of Women Voters and vice president of the state league, is to be acting president for all California during the temporary absence of Mrs. Paul Eliel. Mrs. Eliel left Carmel Tuesday to attend the November board meeting of the national league, of which she is secretary, in Washington, D. C.

Mrs. Eliel will join Mr. Eliel in Washington and together they will visit their son, Leonard, a student at Harvard medical school. The trip west will be by the southern route through Los Angeles, where Mrs. Eliel will meet with officers of the California League of Women Voters in the southern district. Upon their return to Carmel in early December, Mr. and Mrs. Eliel will remove their family to Palo Alto where Mr. Eliel will actively take up his work in the Stanford Graduate School.

On January 1 Miss Elizabeth Lamson, now secretary of the Minnesota League of Women Voters, will become secretary of the California League at the office in Palo Alto, succeeding Mrs. F. F. Barbour, who with Mr. Barbour, will return to her home in Oakland following several months sojourn in Carmel, where the state office has been located since August.

Seventh Graders Lay Cement Floor

Boys of the seventh grade at Sunset school have completed a big task in laying a new cement floor in the school supply room. The job was started Sept. 3 and finished last Friday. At the beginning of the job four boys undertook the difficult work and because of their fine spirit and workmanship they have contributed a fine improvement to the school. Bobby Haller was foreman of the project.

The floor is 31 feet long and 15 feet wide. Three inches of graveled cement were laid, with a top layer of one inch of fine cement. The job took 23 sacks of cement, 2½ yards of sand and three yards of gravel.

Selling of Liquor to Indians Outlawed 1848

The selling of such heady drinks as wine or liquor to Indians was outlawed as a crime in the year 1848, according to a proclamation unearthed by WPA Historic Record Survey workers, under the guidance of Dr. F. W. Haasis of this city.

The proclamation was passed at Monterey, then the capital of California, and signed by the governor, R. B. Mason. Passage of the bill was found necessary to prevent intoxicated Indians from "acting up and pixilated."

NON-RESIDENT CARS

Non-resident cars entering California during the first nine months of this year totalled 167,445, an increase of 40,708 or 32.12 per cent over the same period last year, Ray Ingels, director of the state motor vehicle department, showed in his monthly report to Governor Merriam.

Old Spanish Don Gives Picture Of Health Problems Back In 1805

CALIFORNIA has come a long way along the path of public health since that day 132 years ago when the valiant Don Jose Benites, surgeon of the tiny presidio at Monterey submitted to the viceroy of New Spain the first recorded general health report made for Alta California. Don Benites' report, obtained in full from the Mission Santa Barbara, by Dr. Sherburne F. Cook of the University of California Medical School, is contained in an article on The Lure of Medical History, written by Dr. Cook for the current issue of California and Western Medicine.

La Soledad, San Miguel, San Luis Obispo, San Francisco, cities which now attract health seekers from far and wide, were mentioned in the ancient report of Don Benites as being badly in need of aggressive health campaigns. While he did lay some blame on the climate in one or two instances, he emphasized that the exposure of the Indians and Spaniards to diseases of many sorts, the superstitious fear of ailing natives for both doctors and priests, bad food and bad water, were the chief factors in the somewhat unwholesome health picture. He detailed one instance of a desperately ill native who insisted on sitting on a damp floor and indulging a fierce appetite for chili and fried tripe, succumbing quickly thereafter because he spurned the medicine and the treatment that would have saved him. There were many such instances, according to Don Benites.

The attempts of the mission fathers to hospitalize the sick seems to have succeeded only at San Luis Obispo, where Father Luis Martinéz had induced 30 natives to accept such aid, according to the report.

Let's Rattle A Political Skeleton

IT'S BEEN IN THE CLOSET TOO LONG ALREADY!

FACT—Mr. Henry P. Russell, Assembly candidate, appears on the ballot as a "Rancher."

FACT—Mr. Russell is a retired stock broker whose Carmel Valley "ranch" is a rich man's plaything where race horses are kept and trained.

COMMENT—Is it not a fair inference that the title "Rancher" is merely being used as a vote-catcher and to disguise his real interests?

FACT—Mr. Russell's political advertising charges E. E. Patterson, his opponent, has misrepresented the district in the Assembly.

FACT—E. E. Patterson's record proves he has consistently and openly fought in the interests of farmers, independent merchants and their employes, who constitute the great majority in this district. Mr. E. E. Patterson received 1,261 more popular votes in the primary. A technicality keeps his name off the ballot.

COMMENT—Which candidate has honestly represented himself to the people?

FACT—Mr. Russell has made no specific commitments at all concerning the things vital to the district. What is he really for?

FACT—Mr. E. E. Patterson has constantly reiterated his stand for all legislation favoring agriculture and independent merchants, generous allocations of highway funds in his district, protection of our system of free rural education, a water conservation measure for the Salinas Valley, the balancing of the state budget through elimination of overlapping governmental functions and many others. His record proves it.

COMMENT—Who, Mr. and Mrs. Voter, is doing the misrepresenting? And WHY, Mr. and Mrs. Voter, is the misrepresenting being done? We submit to you that Mr. Russell has misrepresented himself, his interests, and has never told you where he stands.

These reasons, among scores of others, demand that you write-in the name of E. E. Patterson on the ballot in the interest of good government.

Be Sure to Use Initials

"E. E."

Clipping Bureau Chief Visits Carmel; Tells Secrets of Trade

PHILIP M. McCOMB, manager of Allen's Clipping Bureau in San Francisco, was a Carmel visitor this week, returning with Mrs. McComb from a four week's trip through the southwestern states. He has been coming to Carmel for spring and fall vacations for the past ten years. A clipping bureau is one of those mysterious businesses about which the public is rather vague, with largely erroneous ideas about its functions. Contrary to the impression many people seem to hold about clipping bureaus, says Mr. McComb, their chief clients are not persons avid for personal publicity—such trade composes less than 2 per cent of their business. Their clients are largely organizations and corporations who want to know the trend of public opinion, as shown in editorials and news-columns of the country's press.

"Never read one newspaper only," Mr. McComb always urges. "You'll be propagandized in spite of yourself if you limit yourself to one editor's opinions. If you read two, as different as possible in policy, you stand a better chance of finding the happy medium of truth between extremes."

Mr. McComb is actively interested in the Commonwealth Club in San Francisco. He is now chairman of the group studying city and county government and is a former chairman of the delinquency section. The section he leads has been making an extensive study of the measures on the November ballot, and has published a pamphlet giving their recommendations. He checked with The Pine Cone's recommendations as given in this issue, and found a close agreement. Points of difference: The Pine Cone made no recommendation on No. 5 and No. 6, measures affecting Los Angeles; the Commonwealth Club urges a No vote on both. The Commonwealth Club also looks with disfavor on No. 3, liquor control; recommemnds a No vote on No. 21, affecting Tehachapi prison; and on No. 22, the chain store tax. On all other measures the Commonwealth Club's recommendations are the same as The Pine Cone's.

Pistol Clubbers Awaiting Scores

At the Hatton Fields Pistol Range just below the Mission, where Carmel's lucky turkey shoot will be held on the Sunday after election, the local pistol club shot its half of a match with the Colorado Rifle Club of Denver last Sunday.

Out of a large attendance nine men shot scores for the match. This shoot was over the National Match course, with slow fire at 50 yards and timed and rapid fire at 25 yards. The result of the match will not be known till the scores of the rival team are received from Colorado. Carmel's scores were:

	Slow	Timed	Rapid	Tot.
H. Martin	93	89	85	267
E. Griffen	85	89	90	264
D. Ball	84	82	89	255
C. Hyde	83	91	79	253
G. Wood, Jr.	81	90	78	249
Total, 1st 5				1288
R. Broklen	78	87	82	247
C. Dale	82	74	74	230
C. Anderson	72	85	65	222
J. Murray	72	89	60	221
C. Colburn	73	70	75	218
G. Carter	62	85	69	216

Next Sunday the seventh "pot shoot" is due. Wth the large pot that has accumulated and with the score needed to win having dropped ten points from the earlier shoots, this should be the prize match of the series. The chances are 10 to 1 that one of the teams will win the pot this Sunday, the Odds having failed to do so by only one point last time.

And then, Sunday after next, the big lucky turkey shoot!

TURKEY PRICES

Turkey prices this year started at about the same figure as last season, and indications are that there will not be much variation in price from the figures of last year. This is the opinion of Dr. V. S. Admundsen, assistant professor of poultry husbandry on the Davis campus of the University of California College of Agriculture.

Edward Hume Will Broadcast Sunday

Prof. Edward Hume, professor of history at Stanford University, will give a 15-minute radio talk Sunday afternoon at 4 o'clock over KQW, on behalf of the Roosevelt-Garner-McGrath campaign, according to an announcement from Mrs. Elinor Louise Falvey, chairman of women's democratic activities in the Eighth Congressional District. Mrs. Falvey writes that she has heard Prof. Hume several times and that he is an able and effective speaker, popular with women's groups. She is anxious for as many Monterey county women as possible to hear his radio talk Sunday afternoon.

What They Think of The Record

ROADS AND HIGHWAYS

"I want to take this opportunity to thank you for your helpful cooperation in all matters affecting this Association and the Highways of California."

C. C. Cottrell, Manager, Highways Bureau,
California State Automobile Association.

AGRICULTURE

"On behalf of the organization let me express its appreciation of the splendid service to California Agriculture rendered by you. We regard ourselves as having been particularly fortunate in having you as a Representative from your District."

Edson Abel, Representative.
California Farm Bureau Federation.

Taken from "Record Votes of Legislators on Agricultural Bills" made by Agricultural Council of California, representing more than 70,000 California farmers—

97% FAVORABLE VOTES

DAIRYING

"We appreciate your splendid record of cooperation during your entire legislative service."

S. H. Greene, Secretary,
California Dairy Council.

CATTLE INDUSTRY

"I wish to express my sincere appreciation for your splendid cooperation in all matters pertaining to the cattle industry."

John Curry, Secretary,
California Cattlemen's Association.

FISH INDUSTRY

"It is too bad that there are not more men in both Houses of the Legislature who like your good self consider legislation from the standpoint of the best interests of the people of the State of California."

H. J. Anderson, Manager,
California Sardine Products Institute.

"On behalf of the Tuna and Mackerel Industry, may we express our most sincere thanks for your kind support during the Legislative session just closed."

Chas. A. Winkler, Secretary,
California Fish Canners Association, Inc.

PUBLIC SCHOOLS

"Because of your cooperative friendship and because of your understanding of matters educational and the needs of the people of the State, we feel indebted to you for your helpfulness during the recent session."

Vierling Kersey, Superintendent Public Instruction, State of California.

"I have purposely delayed my thanks to you for the very splendid support which you gave to the public schools of California in the last session of the Legislature. I will inform the schools in your District of your very splendid attitude toward our work."

Roy W. Cloud, State Executive Secretary,
California Teachers Association

CALIFORNIA REAL ESTATE ASSN.

"Your home owning constituents will be grateful to you that the State ad valorem property legislation was defeated. Also for your support of the extension of delinquent tax moratorium, special assessment relief and mortgage moratorium legislation."

Glenn D. Willaman, State Secretary,
California Real Estate Association.

SOCIAL SECURITY

"Thanks and appreciation—for support you gave—in efforts of our fraternity to secure for the dependent aged a more decent and just system of care in their old age."

William R. Haggerty, Old Age Pension Commission, Grand Aerie, Fraternity of Eagles.

LABOR

Taken from Labor Record of Senators and members of the Assembly as compiled by Paul Scharrenberg, former Secretary, California State Federation of Labor.

57½% FAVORABLE VOTES

BUILDING AND LOAN

"The legislation which you helped to adopt makes the outlook very encouraging."

Louis Drapeau, Building and Loan
Commissioner, State of California.

RETAIL MERCHANTS

"On behalf of the California Retail Council I want you to know that your splendid assistance and your fine impartial attitude in dealing with our problems is appreciated."

A. B. C. Dohrmann, President
California Retail Council.

TRUCKS

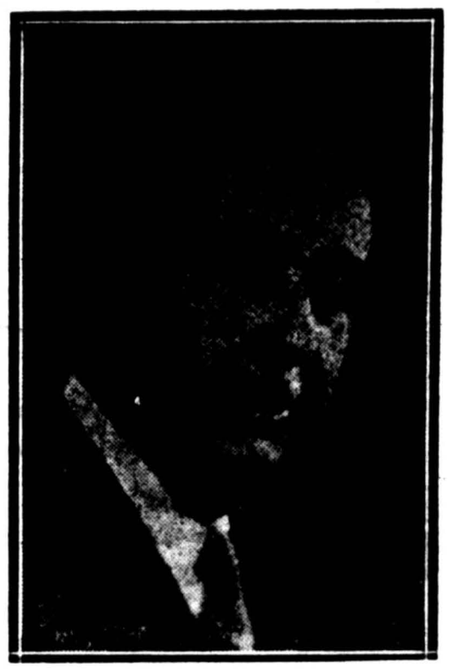
"We desire to express our thanks for the splendid help you gave us during the recent session of the legislature."

David E. Shearer, Secretary,
Council of Trucking Associations.

FISH AND GAME

"We are taking this opportunity to convey to you our appreciation for the careful attention and consideration you gave during the recent session of the Legislature to all bills affecting our Fish and Game Resources."

L. I. Herrington, Executive Secretary,
Fish and Game Development Association.



RE-ELECT
SENATOR ED TICKLE

There Is No Substitute for Successful Exnerience and Proved Results

The positive legislative record of SENATOR ED TICKLE is conclusive evidence that he has always considered the welfare of his whole district FIRST.

Not only did he secure over three and a half million dollars for Roads and Highways in Monterey and San Benito Counties but he has been a fighter for farm welfare—for the dairy interests—for the cattle business and for our fish industry. He has been endorsed by the California Teachers Association because of his attitude toward education. He has fought for the protection of the small home owner, and voted for the mortgage moratorium and extension of the delinquent tax moratorium. He favored additional social security for the aged and voted consistently for veteran welfare legislation. His record of actual labor votes shows a large favorable percentage. His record is that of an independent and courageous legislator, nobody's rubber stamp.

Ed Tickle has faithfully represented all of the people. Honestly. Fairly. Studiously.

He is indeed—

Christian Scientists Study Sermon-Lesson

In all Christian Science Churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read Sunday, Nov. 1, on the subject "Everlasting Punishment."

The Golden Text will be: "Abhor that which is evil; cleave to that which is good" (Romans 12: 9). Bible selections will include the following passage from Isaiah 1: 18, 19: "Come now, and let us reason together, saith the Lord: though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool. If ye be willing and obedient, ye shall eat the good of the land."

PACIFIC GROVE

The members of the Methodist Epworth League will give another well-planned social event tonight (Friday) which will be in the guise of a Hallowe'en festival. The junior department of the church will be the setting for the games and the guests will be in masquerade costume, and will include not only the younger members of the church, but the adults as well. Intriguing booths will be maintained in which those interested may view awesome wonders or have their fortunes told. Miss Elizabeth Ingham is the general chairman of the affair, and the members of the ladies aid, under the direction of Mrs. Ralph Gregory, will supply the refreshments.

* * *

The male members of the Grove's younger set will take the place usually occupied by the girls tomorrow night, when the members of the T. L. W. will give a "Leap Year" dance at Grenadiers hall. The hostesses will escort their guests to and from the affair and will choose their dancing partners from the masculine ranks during the evening. The T. L. W. is comprised of Misses Harriet Holman, Peggy McDonald, Olivia Davis, Ruth Down, Doris Cook, Eloise Diffenbaugh, Jeanne Randol, Evelyn Brier, Madeline Jacobsen, Mildred Rose and Thelma Philbrick.

* * *

Members of the Philathea class, taught by Silas Mack, will combine their Hallowe'en celebration with an initiation of both old and new members tonight. First, the old members will put the new members through a prescribed ritual and then the new members will retaliate and repay their tormentors with an initiation arranged by themselves. Miss Ruth Coleridge will be in charge of the affair which will take place in the Congregational Church.

* * *

Mr. and Mrs. Harry Wingard were hosts at an enjoyable dinner party and evening of bridge at their home on Congress avenue, Saturday evening. Those gathered included: Mr. and Mrs. V. O. McMillan, Mr. and Mrs. Harry Raine, Mr. and Mrs. W. G. Cook, Mr. and Mrs. Forrest Gamble and Mr. and Mrs. Loren Smith.

* * *

A number of Salinas Junior College students indulged in a skating party which was followed by a beach picnic at Asilomar. Those attending were: Misses Althea Sisson, Inola Ford, Evelyn De Bolt, Ellen Juhl, and Thelma Drake and Messrs: Don Mammen, Bob Tucker, Douglass Howard, Bob Davis, Kenneth McGill, Kimble Smith, Raymond Pixley, Gene Philbrick, Bob Hutchings, Verne Williams and Alex Ayers.

The many friends of Mr. and Mrs. Claude Miller were surprised and pleased when they heard of their marriage which had taken place Oct. 13 in Watsonville but had not become known until recently. Mrs. Miller is the daughter of Mr. and Mrs. G. Donaldson and graduated from the Grove high school in 1934. Mr. Miller was formerly a resident of Longview, Wash.

* * *

Miss Barbara Ansell and Charles Lewis journeyed to Berkeley last Saturday to view the victory of University of Southern California over Stanford.

SOCIETY

PINE NEEDLES

LOCALS

A COCKTAIL party and buffet supper given by Mrs. James O. Greenan Saturday evening, was also a reunion of a group who were friends in Manila and are now temporarily or permanently domiciled in Carmel. Mrs. Greenan herself is here from the Islands for about a year; the guest of honor, Jack Findley, is in California for a short time, Richard Lyle was spending the week-end in Carmel during a trip to the mainland, and Dr. and Mrs. T. J. Brennan and their son, Marcelline Brennan, have come to Carmel to live, after building their big stone house on Scenic. Others at the party were Mrs. C. Dougherty of Bakersfield, Mrs. Greenan's house guest for several weeks, Mr. and Mrs. Paul Dougherty, Mr. and Mrs. Paul Whitman, Mr. and Mrs. Richard Johnson, Mr. and Mrs. William Bensberg, Ruth Austin, Mrs. M. Bartel of San Francisco, and Byington Ford. The group went dancing at Del Monte later in the evening.

* * *

Mr. and Mrs. Don F. Dundas of Los Angeles motored up last Thursday and were guests at La Casita, the home of Mr. and Mrs. W. J. Chisholm. Mr. Dundas returned home Sunday and Mrs. Dundas will remain for a longer visit with her sister.

* * *

Mr. and Mrs. Gilbert Meese celebrated their second wedding anniversary Sunday evening at the home of her parents, Mr. and Mrs. Sidney A. Trevvett, where they are visiting. The Trevvetts' son and daughter-in-law, Mr. and Mrs. David Trevvett of Redwood City, were here for the week-end, guests of her parents, Mr. and Mrs. Richard Johnson, and were among the 50 guests at the cocktail party given at the Trevvett home to celebrate the anniversary.

* * *

Daisy Bostick returned Wednesday from a visit with Mr. and Mrs. George Knight in Azusa. She is on a long vacation from her real estate office, and will be on the job again about Nov. 5.

* * *

Mrs. Paul Eliel, who is secretary of the National League of Women Voters as well as president of the California League, left this week to attend a national board meeting in Washington, D. C.

* * *

Mrs. Clara Albee is visiting for a fortnight with her son and daughter-in-law, Mr. and Mrs. John Albee at second and Carpenter. She is en route from San Francisco to her home in Los Angeles.

* * *

Edda Heath and her mother, Mrs. A. E. Heath, are established again in their studio-home on Casanova after spending the summer and part of the fall in Paso Robles.

Mrs. Grace Ballam of La Jolla, who formerly conducted Ballam's antique shop here, has been visiting for the past week with her son and daughter, Fred and Joy Ballam. She returned to her home in the south yesterday, Joy accompanying her.

* * *

Judge and Mrs. George P. Ross had as their guest over the week-end Mrs. Ross' father, F. H. Bangham, who had just attended an insurance men's convention in San Jose. Mr. Bangham returned Monday to his home in San Francisco.

* * *

Six tables were formed for play at the regular fortnightly meeting of the Woman's club bridge section Monday afternoon at Pine Inn. Tea was served at the close of the afternoon. Mrs. John Jordan is section chairman.

* * *

Miss Iola Nichols has left for a seven-weeks motor trip during which she expects to make a complete circuit of the United States, going through the southern states to Florida, returning by the northern route.

* * *

Mrs. Carol Edwards left at the end of last week for Santa Paula, where she will visit for a month with her son, Thornton Edwards, Santa Paula's chief of police.

* * *

Mrs. John Fitch, Mrs. C. W. Lee, Mrs. Gertrude Nelson Andrews, Miss Harriet Pierce, Miss Helen Pierce, Miss Clara G. Hinds, and Ida Maynard Curtis were tea guests of Mrs. Mabel I. Turner at her home on Junipero last Friday afternoon.

* * *

Mr. and Mrs. Ranald Cockburn and Mr. and Mrs. Thom Neikirk drove up to the U. S. C.-Stanford game last week-end.

* * *

Mrs. A. C. Schlesinger has returned to New York City, where she makes her home with her son, Dr. John Howland Lathrop, Unitarian minister, after visiting in California since June, dividing her time between her sister, Mrs. Calvert Meade, in Carmel, and a son in Piedmont.

* * *

Rev. and Mrs. Homer S. Bodley went to Palo Alto Monday to participate in the festivities attending the golden wedding anniversary of his parents, Mr. and Mrs. Homer S. Bodley, Sr.

* * *

The "four horsemen" from Los Angeles who always show up about this time of year for a week at Pine Inn —they have been coming for 20 years now—were at the Inn last week for a week of golf, and poker, and to go north for the Stanford-U. S. C. game. They are A. S. Grainger, Frank Parent, Lewis Morton and Earl B. Plank.

* * *

Jennie Vennestrom Cannon has closed her Carmel studo temporarily and left yesterday for Berkeley, where she will live this winter. She expects to return next spring.

* * *

After living in Pacific Grove for several months Mr. and Mrs. A. G. Winston have moved back into their home in the Country Club.

* * *

Mrs. Marshall Von Krone, portrait painter, who spent the summer in the Big Sur region, has taken Swiss Chalet for the winter.

* * *

Mr. and Mrs. John Albee returned Monday after a four-day trip to Los Angeles, visiting their respective relatives.

* * *

After a week in San Francisco and a motor trip to Reno, Mr. and Mrs. John Neikirk returned Sunday to their home on Torres.

* * *

Leo Hudspeth of San Francisco has taken Port O' Pines on La Loma Terrace for the winter.

* * *

After two weeks' vacation here, Mrs. N. J. Menard and her two children have returned to San Jose.

Mr. and Mrs. Charles Crocker had a week-end house party at their Pebble Beach place that included Mrs. George Rose, Miss Florence Loomis, Miss Helen Slater, Mrs. McKim Hollins, Edward Pond, Leon B. Walker, Jack Neville and Winston Frost.

* * *

Miss Shirley Douglas, daughter of Mr. and Mrs. Ernest Douglas of Pebble Beach, was wedded to Robert A. Rose of Long Beach in a charmingly appointed ceremony at St. John's chapel, Del Monte, Saturday. Mr. Rose is the son of Mr. and Mrs. C. B. Rose of Amarillo, Texas, who were present at the wedding. The bride was attended by her sister, Miss Barbara Douglas, Miss Marjorie Douglas Jefferson, Miss Eileen Campbell and Miss Peggie Fairlie. Harry Allen was groomsman and ushers were Robert Duntley, E. E. Jefferson and Dick Collins. A reception in the patio of the Douglas home followed the ceremony and the young couple departed for a honeymoon in the northern part of the state. They will make their home in Long Beach.

MRS. MAUD DE YOE

and YOU'LL BUY A GAS CIRCULATING HEATER

COMPARE STYLE AND BEAUTY—Here is the style leader in the heating field for 1937. Satin, smooth enamel finish. Smart modern lines. Rich, gleaming chromium louvres. An array of color choices to bring a distinctive color note into your home. Take your choice of these color finishes—Satin White, Primrose, Velvet Black, Monterey Biege, Regal Mahogany or Abbey Walnut.

No Circulating Heater Is Modern without

This Fuel-Saving Thermostat Control

COMPARE ECONOMY—There is no guesswork with Gas fuel. Gas heating costs are a matter of record with the gas company—the cost for a heating season and the cost per monthly billing. Figure the cost of gas heating against any other type of fuel in dollars and cents or on a heat content basis and you'll satisfy yourself that GAS heating is NOT expensive and costs no more than less satisfactory fuels. Do not be misled. Get the facts. Ask for heating cost estimate.

COMPARE CLEANLINESS—When GAS heat comes in all work and all dirt that goes with old fashioned fuels is ended forever. The bugaboo of "Spring cleaning" almost disappears as floors, walls, curtains, ceilings and furnishings cannot get smudged, grimy or sooty. GAS burns CLEAN.

COMPARE SERVICE—Back of every gas heating appliance you buy is a double assurance of service. Your local gas appliance dealer stands back of every gas appliance he sells. Your gas company maintains a staff of courteous, neat, efficient service men. For the life of any gas appliance, while you are a customer of the gas company, this service is yours to call at any time. Only GAS heating can give you this lifetime assurance.

COMPARE VALUE—Here is carefree heating. Here is thrift because Thermostat Control prevents fuel waste. And only GAS Circulating Heaters can operate successfully with a fuel-saving thermostat.

Come in today and select your Gas Circulating Heater. Save money. Enjoy the best in economical winter heating at a cost no greater than ordinary or old-fashioned heating devices.

Group Discussion Features Club Current Events Section Program

MRS. R. F. Lewis, co-chairman with Mrs. Lawrence M. Knox of the Woman's club current events section, conducted a discussion meeting of the group at Pine Inn Wednesday morning, as Mrs. Knox was unable because of a cold to review the European situation of the past few months as she had planned. Mrs. Lewis read an article by Chester Rowell which she and Mrs. Knox agreed, explained certain controversial terms as applied to the situation in Spain better than anything else they have seen.

Gist of the Rowell explanation is that neither "communist" nor "fascist" as these terms are understood by the rest of the world, can be appropriately fitted to the contending factions, the former the "loyalists", the latter the "rebels". Communism in the Moscow sense has never been strong in Spain, the extreme left-wingers being predominantly anarcho-syndicalists, who believe in the syndicalist way of carrying on business, and in no government at all. They hold this position so strongly that their leaders have refused to accept cabinet posts, even when their voting strength put them legally in a commanding position. The "popular front", which is the present elected government, was a union of hodge-podge liberal and radical factions, of which communists formed a small minority.

On the other hand, the "rebels", who revolted after the elections, are not "fascist" in the German and Italian sense. They are largely the old reactionary elements in Spain, the vested interests: the great feudal landlords, the church, in its political and landowning rather than its religious aspect, the army, and the modern industrialists, who alone could properly be termed fascistic. As in Japan, the army occupies almost an independent position, responsible to itself rather than to the government; the church may be compared to the old Greek Orthodox church in Czarist Russia; politically and economically powerful.

Whatever happens, Rowell concludes, the Republic is dead. Extremists of whichever faction win will rule, and whatever happens will be bad. Spain will emerge from the conflict with a highly radical or a highly reactionary government.

Mrs. F. R. Grant, a new member of the club, was chosen secretary of the current events section. Mrs. Knox announced that at the next meeting of the section, Nov. 11, Dr. Paul M. Hunter, who has recently returned from a summer of travel and study in Europe, will talk to the group about his observations there.

PINE NEEDLES

Miss Stella Guichard went to Berkeley Sunday to attend a concert given by her niece, Marjorie Dawn Guichard, talented young violinist, at the College Women's club. Little Miss Guichard was one of the two children playing in the Carmel 1935 Bach Festival.

Mr. and Mrs. A. E. Sparks returned Sunday night after enjoying a 10-day trip through Oregon.

* * *

Mr. and Mrs. H. O. Haake of Mill Valley are staying at Carmel Inn for several days.

* * *

Mr. and Mrs. Fred Godwin have returned from their honeymoon trip to Mexico City and are at La Playa hotel.

* * *

Harold Smith of Vancouver, B. C., is spending several days at Carmel Inn on the way to Mexico City.

* * *

Mr. and Mrs. Lloyd G. Cullen of Santa Rosa were guests of Kenneth Wood at "The Hearth", La Loma Terrace, last week-end.

* * *

Mrs. Harry S. Nye returned Saturday from San Bernardino, where she had been for several weeks on business.

* * *

Mr. and Mrs. G. M. Duntley of Los Angeles spent the week-end at Hotel La Ribera.

Portrait Lighting Subject of Class

A demonstration of portrait photography, using artificial lighting, will be the chief feature of the meeting of Leota Tucker's class in photography, at Sunset school next Monday evening, and everyone interested is invited to attend. This class, under the auspices of the adult education department of Monterey Union High School, has been meeting at Miss Tucker's studio, but has now been transferred to the school. It meets in the music room, and in a room adjoining, the group has fixed up a dark room for developing, printing and enlarging, which gives them greatly increased facilities to pursue their fascinating hobby. About 30 men and women are enrolled in the class. It meets each Monday evening from 7:15 to 9:15, and is open to all adults.

BRIDGE CELEBRATION SEATS

In order to accommodate Carmel residents who may be planning a visit to San Francisco Nov. 12, 13 or 14 for the celebration to mark the opening for traffic of the San Francisco-Oakland Bay Bridge, a number of grand stand reserved seats have been placed on sale here at Stanford Drug Store.

SEAMEN WANT BOOKS

The Seamen's Church Institute of San Francisco is making this week its thirteenth annual appeal to the public for books to replace those worn out by repeated reading in the sea-going library service to the crews of merchant ships. Over 20,000 volumes have, during the past year, taken passage from San Francisco in the crew quarters of 426 ships—ocean liners, merchant freighters, oil tankers and coast guard cutters. Contributions may be left at the Carmel Library and they will be forwarded to the institute after the close of the drive.
